

## Date of Vote On Sewerage Question Postponed Until Bylaw Passed

### Special Meeting To Be Held Monday To Set Tax Rate And Pass Necessary Bylaws

The date for holding the vote on the sewerage question in this Village has been postponed until the necessary bylaw for holding such a vote is passed by Council. This action was taken subsequent to a conference with R. D. Arnott, Belleville, Village solicitor, prior to Monday night's regular Council meeting. Reeve R. K. West presided and Councillors Holt, Wright, Wells and Ray were in attendance.

### To Ask For Radar Equipment

The question of checking motorists who persist in speeding within the limits of the Village, particularly on Front St., was discussed at some length by Council. Councillor Wells was of the opinion that some outside assistance should be sought and moved, seconded by Councillor Holt, that Council petition the O.P.P. to set up radar speed equipment periodically in this Village as a means of education to prevent speeding on the Village streets.

### War On Weeds

Councillor Holt was critical of those property owners who permitted weeds to grow on vacant lots to the detriment of neighbours who took pride in keeping their premises clean of noxious weeds. Constable Eggleton, who also acts as weed inspector, asked for a list of such offenders and doubtless they will be hearing about it.

### Deputation

Messrs. Ed. Warren, President of Stirling Rotary Club, and G. B. Noble, were a deputation to Council, with the former stating members of the Rotary Club felt some form of recognition should be given the Stirling Bantam Hockey team, which went through to the Ontario finals. The boys had brought considerable honour to the Village and their efforts should be recognized.

Mr. Noble thought a civic committee should be appointed to have charge of arrangements for public recognition to winning teams in future. He thought it was too late to do anything this year.

Council felt it was a matter that could be looked after by the Community Council or officers of the hockey association. "The Village would provide the Community Hall and look after the deficit on the project," stated Reeve West. Acting on a suggestion from Mr. Warren Council appointed C. A. Wells to work with a proposed committee to deal with the matter.

Clerk Mallory tabled a communication from E. Denyes, County Clerk, enclosing a copy of County Bylaw No. 1647, releasing Stirling and Rawdon from Centre Hastings High School Area, which had been approved by the Minister of Education.

### Pay For

### Utility Commissioners

A communication was tabled from F. A. Sprentall, Secretary of the Public Utilities Commission, asking Council's approval of compensation for members of the Commission for their services at \$100.00 per calendar year. Reeve West stated Port Hope and Stirling were the only two municipalities in which members of Public Utility Commissions received no remuneration, and the former municipality had already approved payment.

Members of Council questioned why members of the Commission should receive any more than members of Council and on motion gave approval for \$75.00 yearly payment.

Building permits were granted W. J. Hykin and Lee A. Smith to erect residences on Henry and Church Streets, respectively.

### No Action

### On Theatre

Councillor Wells reported that he had investigated the theatre situation and recommended that no action be taken at the present time relative to changing the equipment in the local theatre.

No action was taken on a request for permission to hold a Bible School on Victoria Park.

Ray Rose was offered the job of cutting the grass and caring for Victoria Park and the park along Rawdon Creek south of the Presbyterian Church for \$50.00.

## Polio Vaccination

Dr. E. A. Carleton, local Medical Officer of Health, is vaccinating the local public school children against polio this week, starting today (Thursday). The children in Rawdon Township Public Schools will be done next week.

## Engagement

Mr. and Mrs. Frank Whiteman, of Stirling, wish to announce the engagement of their daughter, Joan Mabel, to Mr. Thomas Edward Tryon, son of Mr. and Mrs. Theodore Tryon, of Bancroft; the marriage to take place quietly in Frankford, Ontario, on Saturday, June 23rd, 1956, at three o'clock.

## Local Guides Visit Madoc

On Wednesday evening, May 30th, the First Stirling Girl Guide Company, Patrol Leaders and Guiders enjoyed a very pleasant evening with the Madoc Guide Company at the Madoc High School. Two Madoc Guides, Elizabeth Johnston and Marilyn Johnston, daughters of Mr. and Mrs. Charles R. Johnston, received their Girl Guide Gold Cords at this special meeting.

## Arena Building Fund Donations

Following is a list of donations for the Legion Arena Building Fund, not previously mentioned:

Ford Stapley, Stirling, \$4.00; Wilfred Sine, Stirling, \$5.00; Ted Preston, Harold, \$5.00; Charlie Carter, Harold, \$5.00; Don Walker, Harold, \$5.00; Everett Maybee, Harold, \$5.00; Lloyd King, Harold, \$5.00; Stirling Ball Club, 1952, \$51.64.

Total amount donated to date is \$2,021.58.

Working parties are needed at the Arena every Wednesday and Saturday afternoon.

## Mailing Lists Are Corrected

The mailing lists of the News-Argus have been corrected up until Wednesday and subscribers are asked to check the label on their paper. If an error is noted, please contact this office at once that it may be corrected.

The increasing cost of publishing a weekly newspaper makes it imperative that subscriptions be paid in advance. We ask our readers to check the label on their paper and if in arrears, to make settlement as soon as possible. Your co-operation in this matter will be appreciated.

Councillor Holt stated the streets in the business section would be painted for parking as soon as the weather permitted. Maurice Bell would do the job for \$120.00.

### Special Meeting

### June 11th

Arrangements were made for holding a special meeting on Monday next, June 11th, to set the tax rate and set the date for voting on the sewerage question. Councillors Wells and Holt gave notice that they would introduce the necessary bylaws.

Reeve West reported that J. J. Trudeau had inquired if Council would purchase his building on Mill St. Council instructed the Clerk to advise Mr. Trudeau that Council wasn't interested in purchasing the building but expected him to take necessary action to put it in a safe condition.

The following accounts were passed for payment:

McIntosh & Wells, \$7.35; Bell Telephone, \$7.30; Lake Ontario Development Assoc., \$85.76; Riverside Construction, \$110.00; H. E. Cooke Construction, \$142.00; Wilson Sinclair, \$84.00; Stirling Auto Wreckers, \$25.00; Acme Construction Co., \$176.80; Chas. F. Davidson, \$132.00; County of Hastings, \$208.38; Roy Brooks, \$13.00; Roscoe Metal, \$381.97; J. A. Osterhout, \$19.35; Morrow Bros., \$15.00; Haggarty Transport, \$90.34; Stirling Lumber, \$26.60; Harold C. Martin, \$5.00; Mark Tripp, \$14.05.

## Mr. and Mrs. H. C. Martin Show Slides To I.O.D.E.

The regular monthly meeting of the Hon. J. R. Cooke Chapter, Imperial Order Daughters of the Empire, was held at the home of Mrs. David Duffin. The Regent, Mrs. Carl Potter, presided and the meeting opened with the prayer of the Order.

The minutes were read and approved. Correspondence was read and the report of the Treasurer was approved.

Resignation from the Order was tendered by Miss Laura Lee. The Order regrets the loss of this member and wish her every success in her new town and position. Business ended with the singing of God Save The Queen.

### Mr. and Mrs. H. Martin Show Slides

Highlight of the evening was a series of coloured slides shown by Mr. and Mrs. Harold Martin. Time permitted only the pictures taken in England and Scotland to be shown, but the members enjoyed to the utmost the lovely scenes shown and the added interest of the commentary by Mr. and Mrs. Martin. It is hoped that the members will be able to see the rest of the pictures in the near future.

Mrs. Robert Burgess spoke for all present when she thanked the Martins for sharing their trip with the members.

A light lunch was served by the hostess and her committee. Mrs. Bruce Bell moved a vote of thanks to Mrs. Duffin for the use of her home and to all who had helped with the meeting.

## Comprehensive Report of Diocesan Annual Given By Mrs. H. C. Secker

The May meeting of St. John's Woman's Auxiliary was held in the Parish Hall on Tuesday, May 29th, with 18 members present. The meeting was opened by singing Hymn 539, followed by the 142nd Psalm read responsively. After the minutes and roll call the Treasurer's report was given.

It was decided to make a gift to the Church at Bannockburn, which is being rebuilt following a disastrous fire.

Mrs. Hiram Rodgers, who is a Life Member of the W.A., spoke on the voting of the Life Members' Fees in the work of this branch of the Missionary Society at the Annual Meeting.

### Mrs. H. C. Secker Reports On Annual

Mrs. H. C. Secker, the official delegate from St. John's to the Diocesan W.A. Annual, which was held in the Cathedral Church of St. George, Kingston, on April 24th, 25th and 26th, gave a very comprehensive report of the meetings.

The session opened with a service of Holy Communion at 10.30 a.m. with Bishop Evans, the Lord Bishop of Ontario as the Celebrant. There were 450 Communicants at the service. The sermon was preached by the Most Rev. W. L. Wright, Lord Bishop of Algoma.

The text was taken from the Gospel of the Day, 25th Chapter of St. Matthew, 15th verse. The appeal of the Church is expressed in the triple "A" of Missionary Work, i.e., Accomplishment, Adventure, Adoration. It is significant, he said, that the annual meetings are held during the "Great 40 Days" (between Easter and Ascension). These are days of waiting — a kind of spiritual watershed in which the disciples could look back on the marvelous days of Jesus' ministry and forward to the gift of the Holy Spirit, when the disciples themselves would embark on their great adventure.

At the afternoon session Miss Burns, Diocesan President, welcomed all members and delegates to the 70th Annual Meeting.

There were three more addresses given by officers of the Diocesan W.A. At the evening session Canon Paterson's subject was "Evangelism."

The meetings on Wednesday and Thursday were filled mainly with reports and conferences. A new departure this year was a panel discussion under the direction of Mrs. Evans, "Ways and Means to Interest All Women of the Church in the W.A." Introducing the discussion, Mrs. Evans

## Entertain On 20th Anniversary

Mr. and Mrs. W. T. Elliott entertained some forty friends at a dinner party in the Royal Hotel, Picton, on Sunday night in honour of their twentieth wedding anniversary. Mr. and Mrs. Gordon Jarvis, of Marmora, who celebrated their twentieth anniversary on Saturday were among the guests.

Following a delicious dinner, Rev. A. Poulter, of Wellington, who officiated at the marriage, spoke briefly and Rev. A. M. Lavery, Chaplain of Queen's University, delivered an address on "Friendship" and paid tribute to Mr. and Mrs. Elliott as having always "made" time for their friends.

Mrs. Ivan Rollins, of Belleville, sang "I Love Thee" and "I Know That My Redeemer Liveth," while Alex Cunningham, of Belleville, rendered, "I'll Walk Beside You" and "The Lord's Prayer." Mr. and Mrs. Egerton Boyce, also of Belleville, rendered two piano duets to complete the musical part of the programme.

H. R. Tompkins spoke briefly on behalf of Belleville Chapter No. 55, O.E.S. officers of 1954, who were among the guests and Mrs. R. Berry made the presentation of a gift. Mrs. M. Davidson voiced the thanks of the Eastern Star officers for a delightful anniversary party.

## Gardeners!

Just a reminder that an important and interesting meeting is scheduled for tonight in the Department of Agriculture Board Room at 8.00 p.m. sharp. Agenda — Annual Meeting District 3. See your last week's News-Argus.

## Attend Nurses' Graduation At Kingston

Mr. and Mrs. Harold Wells attended the graduation exercises of Kingston General Hospital School of Nursing, held in Grant Hall, Queen's University, Kingston, on Monday night, when Miss Marilyn Thompson, of Campbellford, received her diploma. Following the ceremonies Mr. and Mrs. Wells were guests at a dinner party held by the Thompson family.

Stirling friends of Miss Thompson will be glad to learn that she was the winner of a \$500.00 scholarship from the Kingston General Hospital, as well as the Doctor Stuart M. Polson prize, awarded for kindness to patients and proficiency in bedside nursing; and the Paediatric Nursing Project Prize.

## Former Resident Seriously Injured

Charles E. Dracup, 43, of Niagara Falls, and formerly of this village, an appliance salesman, backed into an open elevator shaft and fell eight feet, pulling a refrigerator on top of him. Someone had moved the elevator he was preparing to load. He is in hospital in critical condition with a skull fracture and brain injuries.

pointed out that the Church embraces four fields of service — the General Board of Religious Education, the Council of Social Service, the Missionary Society of the Church in Canada and Evangelism. These four departments were then expounded by four different women, Mrs. Walsley, of Picton, who discussed the subject of G.B.R.E.; Mrs. Tillotson, of Kingston, who spoke of the C.S.S.; Mrs. Colin Carter, who discussed the M.S.C.C. and Mrs. Lewis, of St. Thomas' Church, Belleville, who spoke on the subject of Evangelism.

Mrs. Secker's report was a complete and interesting discussion of these important annual meetings.

The President, Mrs. Melville Tanner, thanked Mrs. Secker for her very comprehensive report.

The new study book will be "East of Burma." Mr. Secker closed the meeting with prayer. A delicious lunch was served by Mrs. Rodgers and Mrs. Frank McGee, with Mrs. Buttiner Bolshaw moving a vote of thanks to the hostesses.

## Mr. and Mrs. Arthur Hulin Observe Fiftieth Wedding Anniversary

### Village Water Highly Satisfactory

Members of the Public Utilities Commission may be justifiably proud of their success in procuring good water for the use of local citizens. Last week Dr. E. A. Carleton, M.O.H., forwarded samples taken from the Village well and from private residences to public health laboratories in Peterborough and Kingston. In each case the report showed the water as Class No. 1, or highly satisfactory.

Members of the local Commission and their employees are to be commended for their efforts.

## Lots Sold

Mark Tripp, of Trenton, has purchased Lot No. 17, south side of Church St. from Don Ross, while Lee A. Smith, of Frankford, has purchased Lot No. 19 and pt. of Lot No. 20, on which he will erect a bungalow.

W. J. Hykin has purchased park lot No. 22 from Harold Juby, on the west side of Henry Street, on which he plans to build a six-room bungalow.

## Attending Prov. Conference

Rev. H. C. Secker, Rural Dean, will be in Niagara-on-the-Lake June 11th, 12th and 13th, attending a Provincial Conference of the Committee on the Church in Rural Areas. Mr. F. Griesbach, Secretary of the National Farm Forums, will be the principal speaker.

## Stirling Scouts Receive Queen's Scout Badges

Two Boy Scouts of the First Stirling Troop received Queen's Scout badges at a special ceremony Saturday in Queen Elizabeth School at Belleville.

They were Allan Wells and Douglas McIntosh. Certificates indicating the Scouts completed all work necessary for their Queen's Scout badges were presented by Hon. Louis O. Breithaupt, L.L.D., Lieutenant-Governor of Ontario, to the Stirling Scouts and a number of others from the Eastern Ontario region. Frank Harding is the Stirling Scoutmaster.

Among those attending the ceremony from Stirling were Mr. and Mrs. H. J. Wells, Mr. and Mrs. S. McIntosh and Frank Harding, Scoutmaster.

## Local and Personal

Mrs. W. J. Whitty, of Peterborough, was a week-end guest of Mr. and Mrs. J. B. Hough.

Rev. D. MacInnes, of Ridgeway, was at his summer cottage at Oak Lake over the week-end.

Miss Isabel Bates, R.N., Roslin, spent Sunday with Miss Margaret McIntosh, R.N.

Mr. Hubert Conley and Mrs. M. Doherty, of Toronto, are visiting their brother, Mr. Chas. Conley, and Mrs. Conley, this week.

Friends of Robert Taylor, R.R. 2, Stirling, will regret to learn that he is a patient in Belleville General Hospital, with poison ivy.

Mr. and Mrs. Alan Bishop and Mrs. F. Weaver, Lockport, N.Y., were week-end guests of Mr. and Mrs. Gordon Bailey.

Mrs. Jim Bryce, of Saskatoon, Alta., and Mrs. Art Sharpe, of Hoards, were dinner guests on Tuesday with Miss D. Caldwell.

Mr. Kenneth Guy, of Mountain, spent the week-end with his daughter, Mrs. C. F. Davidson, Mr. Davidson, and family.

Postmaster F. Houchin was in Ottawa over the week-end on business in connection with the Canadian Postmasters Association.

Friends of J. S. Whitehead will be pleased to learn that he returned home yesterday from Belleville General Hospital, where he has been a patient for the past two weeks.

Mr. and Mrs. Roy LaChapelle attended the McAvoy — Holowaty wedding in Oshawa on Saturday last and were week-end guests of the latter's sister, Mrs. G. Healey, and Mr. Healey,

### Relations And Friends Present Them With Purse of Money And Lovely Gifts

Mr. and Mrs. Arthur Hulin, Church St., Stirling, celebrated their 50th wedding anniversary on Wednesday, May 30th, 1956.

Mr. and Mrs. Hulin were married in Madoc, on May 30th, 1906 at the Methodist Church Parsonage. The Rev. N. A. McDiarmid performed the ceremony.

Mrs. Hulin was the former Bertha Alcombrack, daughter of the late Mr. and Mrs. John Wesley Alcombrack. She was born in Huntingdon Township, but has lived in Stirling most of her life.

Mr. Hulin was born in Tweed, son of the late Mr. and Mrs. Wilson Hulin, and moved to Stirling with his parents in 1901.

They have one daughter, Mrs. Chas. (Irene) Bennett, of Frankford; two grandchildren, Mrs. John Loucks, of Belleville, and Mr. Roy Bennett, of Frankford, and two great grandchildren.

On Sunday, May 27th, the family joined with Mr. and Mrs. Hulin at their home for a wedding anniversary dinner. They were the recipients of a purse and other lovely gifts.

On Wednesday afternoon and evening friends and relatives gathered at their home in honour of the occasion, when they received numerous useful and lovely gifts. Many cards were received from out-of-town friends and relatives.

## St. John's Church Junior Auxiliary Hosts To Friends

On Saturday at 2.30 o'clock the Junior Auxiliary of St. John's Anglican Church was host to parents and friends at the closing meeting for the summer.

Mrs. Fred Trow, Leader, expressed her pleasure in seeing so many friends present and outlined the aims and purposes of the Junior Auxiliary. Joan McArton, President, also welcomed the guests very graciously.

A short but very interesting skit was presented on the subject, "The Northern Cross," illustrating the kind of work the Mission boats and the Missionaries do up and down the West coast.

The Rector, Rev. H. C. Secker, showed coloured slides on the work of the "Columbia Coast Mission." A long table contained excellent examples of the hand work that the members did during the winter, as well as Junior Auxiliary literature, which was inspected with interest by all present.

Tasty refreshments were served by the girls, assisted by Mrs. Trow and Mrs. Secker.

Joan McArton thanked all who had come to the meeting. Mrs. M. Tanner, a former leader of the J.A., expressed the thanks of the visitors.

## Local and Personal

Tom Patterson, of Toronto, is spending several weeks with his parents, Mr. and Mrs. R. A. Patterson.

## Mrs. G. Finkle Hostess To River Valley W.I.

(By Mrs. Percy MacMullen)

Mrs. Gilbert Finkle was hostess in her new home for the June meeting of the River Valley Women's Institute with thirty-five ladies and a bevy of children in attendance.

The guests included Mrs. Louis Rodgers, President West Hastings District; also Mrs. Carman Fitchett, of Belleville. Bouquets of tulips were used for decoration.

The President, Mrs. Roy Bush, opened with the Ode and Lord's Prayer, with Mrs. Phil Conley as pianist. The visitors were warmly welcomed.

Mrs. Thos. Hanna gave her report and read several thank you notes. It was decided to pack a bale of used clothing for the Salvation Army. Articles to be left with Mrs. Ross Bush or Mrs. Don Donohoe.

A letter was read re a bus trip to Ottawa to meet Mrs. Alice M. Berry, President of the Associated Country Women of the World. Her home is in Brisbane, Australia. Definite plans will be completed at the District Annual The roll call was names of Ontario W.I. officers.

The July meeting is "Children's

Day" and will be held at the School House. The 1956 motto is, "Try and Serve Your Country."

The items for the patriotic competition were handed in and the May convener was tendered a vote of thanks for procuring the books, "Our Government," as they are very informative.

Five delegates and three alternates were appointed to the District Annual, Mrs. Roy Bush, Mrs. Thos. Hanna, Mrs. Ross Bush, Mrs. Roy Irven, Mrs. Percy MacMullen, Mrs. Ed. Heasman, Mrs. Will Ashby and Mrs. Glenn Bush, Mrs. Will Ashby and Mrs. Ed. Heasman, with Mrs. Ross Bush to bring back the report. A motion was placed in the books that those who provided cars for transportation would receive two dollars for the trip.

Plans were made for catering to the Hoard's Livestock Sales and it was hoped that those who assisted with this work would have a holiday.

Mrs. Don Donohoe convened the programme which she had arranged. She opened with assembly singing and read a selection, "The Helping Hand." Miss Barbara Woodbeck delighted with a piano solo.

### Guest Speaker

Harriet Stevens

Mrs. D. Donohoe introduced Harriet Stevens, of Belleville, commentator on C.J.B.Q. and author of "This and That"

in the Ontario-Intelligencer. She gave an informal address on the theme "Widening Horizons." She briefly sketched the "W.H.O." organization which is assisting refugees in other lands and expressed the thought that the favoured nations of the world should lead the way and help those less fortunate. She gave a glimpse of some of the world's greatest people and emphasized that each of these individuals had made good use of qualities of body, mind and soul. The Rural Institute is an influence in the area and enriches both the members and the communities which they serve.

She referred to a recent message of Mrs. Houch, who advised that each W.I. member do something. There are many worthwhile things in the world today and women can think all the time that they are doing housework. They can assist in their community and still not neglect the basic items of housekeeping. She urged all the ladies to provide fun for themselves and so enjoy life.

The hostess expressed thanks to the speaker and she was presented with a lovely corsage by the Institute members.

Mrs. Burton Woodbeck rendered a vocal selection with her daughter as accompanist.

Mrs. S. McIntosh voiced thanks

for hospitality, programme and refreshments. The President closed with "The Queen" and Grace, after which the hostess and lunch committee served sandwiches, relishes, cookies and tarts.

## Census Has Long History

Census-taking has a long history. Censuses were taken by the Babylonians about 3800 B.C., in China about 3000 B.C., and in Egypt about 2200 B.C. In the 15th Century — at the time of the Exodus — Moses numbered all males 20 years old and over in Israel "able to go forth to war," and King David took a census in 1017 B.C. The Athenians and Romans both took censuses, and the Breviary of Charlemagne (A.D. 808) and William the Conqueror's Domesday Book (1086) were medieval censuses.

### First

### "Modern" Census

Canada has the distinction of taking the first "modern" census. This was the Census of the Colony of New France in 1666 ordered by Louis XIV. It was a systematic "nominal" enumeration of the people, showing age, sex, place of residence, occupation and conjugal condition. Its results are to

be seen in a document of 154 pages in the Archives of Paris, of which a transcript is in the Public Archives at Ottawa. It recorded a population of 3,215. This year's national census, 290 years later, will record about 16,000,000 persons.

## Trenton Lad's Heart Surgery A Success

Chicago doctors said they feel the operation on 11-month-old Tommy Alexander, of Trenton, to correct a heart deformity was a success.

The operation was performed after two days of diagnosing his ailment.

A spokesman at the Children's Memorial Hospital said the main arteries leading from the heart were reversed. The operation consisted of transferring veins of the right lung to connect with veins from the lower part of the baby, thereby correcting the major portion of the boy's circulatory system.

## Marmora Couple Killed On No. 7 Highway Monday

A Marmora man and his wife, parents of 12 children, were killed Monday of this week in an auto accident on No. 7 Highway, about two miles east of Peterborough.

Mr. and Mrs. Michael Kouri were returning home from Toronto when their car, driven by the husband, went out of control and smashed into another coming in the opposite direction. Mrs. Kouri, 57, was killed instantly,

and Kouri, 67, died in St. Joseph's Hospital, Peterborough, of his injuries.

Police said the Kouri car's right wheels went off the pavement onto the shoulder. When the driver tried to pull it back onto the highway, the car collided with an auto driven by Burrell L. Payne, 35, of Norwood.

Mrs. Kouri was thrown out of the car by the impact. Her husband was pinned beneath it. Payne suffered only minor injuries.

Kouri, a hotel employee, and his wife leave seven daughters, Louise, Georgina, Marguerite, Ida, Josephine, Joyce and Marina; and five sons, Bert, Joseph, Richard, Bernard and Michael.

## St. Paul's Notes

(By Rev. A. Packman)

**Conference**  
The Day of Quinte Conference opened on Monday, June 4th and continues throughout the week to Friday evening at Brockville. The Ordination Service is timed for 8.00 p.m. on Wednesday evening.

We are now informed that this part of Canada, the Eastern end of Ontario, and the richest, has given fewer candidates to the ministry than any other part of Canada. That is a very sad reflection upon our religious life. From now on we are going to concentrate on this matter. We ought to be leading the field instead of which we are a drag upon it.

One wonders why! Are we so in love with the material world that we can no longer persuade our sons and daughters to give their lives to the Lord and His work, or is it that we do not even consider it.

### Communion Plate

A few friends have now made it possible for St. Paul's to refurnish the Holy Table. We are to receive a full set of plate and hope to dedicate it at an early date. This set will include four serving plates and a full set of 200 glasses.

### French Without Tears

And thinking of tears, this is, I believe the one thing that Heaven cannot give, only the earth can give us a tear. Therefore, we ought not to complain if we meet a spot of trouble here and there as though the tear ought never to have been shed or that God intended us to live in a painlessly beautiful world. Of course not, the tear is a bit of life's equipment, a part of the world's furnishing, a tool in the hand bag of God; something or some part of the machinery meant to give the soul its life.

I don't see how one could be a Christian without shedding a few tears.

There are a few characters in literature who stand for that way of life. I do not think we admire them.

Tito, in *Romola*, is one. He bought a fancyfull painted box and presented it to his lady. Taking down the crucifix from the wall he locked it away in the box. "See," he said, "I have locked all sadness away from you." "Ah, no," she replied, "It is only hidden." Poor Tito, later on he met with tragedy, as do all who want a world without tears.

Tears! Discipline! Hateful words, someone says, but are they? Just look into the face of a few persons, who have never disciplined themselves; or into the faces of those who have never shed a tear. Tell me, would you go to the former for counsel, or to the latter for sympathy or help?

I wonder, is it a good thing that

so many of our children should have gotten the idea that they have a right to walk over. How comes it that we should expect to make the grade, score high markings, get matric, etc., without tears?

So it's hard work; It means dropping out of the ball game, seeing fewer Hollywood fallen stars, hours of homework, less casual reading, no sitting up or attending up late.

It's a hard life indeed — why not drop the Church?

In this highly specialized world of ours, only the fittest will survive — these will draw the shape the hole is to be, the rest will dig it and fill it in.

And with all this in mind, I am wondering — How best can we help the children at least up to Matric?

Tell them the truth — nothing without tears. Encourage them to take the hard way without complaint; guide them, if you are worthy of such a function as to their leisure hours, their reading, their friendships, their sports and recreations — but don't fail to impress them with the thought that they also can make the grade if they care to.

### Tail Piece

Remember — the yield of a hard country is a love deeper than a fat and easy land inspires.

## The Bible Today

(By Rev. C. R. Rudd)

They could have been spoken at a recent Kiwanis Club Luncheon or in the Canadian Senate.

The following words . . . well, here they are:

"If religious books are not widely circulated among the masses in this country, and the people do not become religious, I do not know what is to become of us as a nation. And the thought is one to cause solemn reflection on the part of every patriot and Christian. If truth be not diffused, error will be; if God and His Word are not known and received, the devil and his works will gain the ascendancy; if the evangelical volume does not reach every hamlet, the pages of a corrupt and licentious literature will; if the power of the Gospel is not felt through the length and breadth of the land, anarchy and misrule, degradation and misery, corruption and darkness, will reign without mitigation on end."

Daniel Webster wrote thus many years ago. This quotation was the theme of a Colporteurs Conference held in Toronto recently. Colporteurs are the people who, supported by the Upper Canada Bible Society, go door to door throughout Ontario offering Bibles at a price anyone can afford, or free where extreme need exists.

Two of these men have been with the Society for 25 years. The veteran

of this five man and one woman team, John Harvey is an ordained minister who travels the territory north of Lake Superior. Miss Helen Mackeno, formerly with the Armed Services in Timmins, is the only woman colporteur World War II, and who works out of In Canada.

At this Conference, Rev. Stanley Crookall, Peterborough district colporteur told the story of his six-year-old son's meeting with the Prime Minister in Hamilton. The Premier asked about the little lad's father's business. "My father is a minister," was the reply. Then as an afterthought, the boy added, "But he is not a 'prime' one, sir." Commenting on this incident, Mr. Crookall said, "The work in which we are engaged, however, is primary and basic, even as Daniel Webster declared."

## Entered Into Rest

DAVID ALLAN THRASHER

Lifelong resident of Sidney Township and well-known farmer in the district, Mr. David Allan Thrasher, Belleville R.R. 2, 3rd Concession, died Saturday in the Belleville General Hospital following a brief illness. He was in his 76th year.

Son of the late Mr. and Mrs. Gilbert Thrasher he farmed in the Centenary area where he was a member of the Centenary United Church. He was an Elder of the Church and was active in church work.

He was a life member of the Belleville Lodge, A.F. & A.M., No. 123, and was a former director of the Belleville Agricultural Society.

He is survived by his wife, the former Margaret A. Wilson; one son,

Harold, of Belleville, and one daughter, Mrs. Muriel Hall, of Picton. Two sisters, Mrs. Charlotte Hadden, of Picton, and Mrs. Hester Clarke, of Belleville, also survive.

The funeral took place on Tuesday afternoon from the Belleville Burial Company Funeral Home, with service in the chapel at 2.00 p.m.

Interment, Stirling Cemetery.

## Hastings County Board For Blind Elects Officers

At the annual meeting of the Hastings County Advisory Board for the Blind held in King Street United Church, Trenton, recently, the chairman, T. J. Flurey, summed up a year of successful work and thanked those assembled for their contributions and gift of self. The meeting was in the form of a banquet prepared and served by the ladies of the church. Invocation was pronounced by the minister, Rev. R. J. Minielly. Mayor Burt extended an official welcome from the community and spoke of his personal interest in the efforts of the board.

After the reading of the minutes by Secretary J. L. Lambert, welfare reports were given by Mrs. D. Kernohan, Madoc; H. J. Madill, Frankford; Mrs. M. J. Waller, Foxboro; Mrs. F. R. Wells, Marmora; Mrs. F. W. Houchin, Stirling; Mrs. LeSage, Tweed; Miss M. Peck, Belleville; Miss Amella S. Hayes, Trenton, and reports from Deseronto and Bancroft. Mr. A. J. Bourne gave the result of the campaign for the Trenton committee.

**Two-By-Two Club**  
Holds Annual Church Service

The Two-By-Two Club, Mount Pleasant, held their annual Church Service Sunday evening and guests were in attendance from various Church groups in the district. The Church was decorated with tulips, apple blossoms and other spring blooms.

The President, Mrs. Francis Wrightman presided and welcomed the

guests. The Bible Lesson was read by Lindsay McKeown and Harry McAdam offered the prayer. The Pastor, Rev. W. G. Fletcher, spoke briefly. Mr. Ronald Barnum, Campbellford, was guest soloist, and gave two selections, "The Holy City" and "I'll Walk Today Where Jesus Walked," both from memory, with Miss Donna Sharp, Campbellford, as accompanist. Mr. Walter Wrightman, of Trenton, delighted with a violin selection, accompanied by Mr. Claude Hoffman, Trenton.

The guest speaker was Ft. Lt. Philip Ross, B.A., Station Chaplain (P), RCAF Station, Trenton. His message was on the theme "Combined Operations."

The speaker told a story to the boys and girls which emphasized the need of being careful about who we follow, so we won't be led astray. He pictured "What is this thing called marriage," beginning with the days of Apostle Paul up to our modern day. He said, today family life is a combined operation, all working together to achieve a happy home. Love is a way of life and the speaker contrasted that with hate. He graphically pictured love as a very necessary part of our existence from childhood to old age and the speaker outlined several true episodes in his life as Padre to illustrate his points.

The service closed with the singing of "Happy the Home When God is There." The Club entertained the guests to a fellowship hour in the Church Hall.

### Carmel

Mr. and Mrs. Cecil Carlisle, Hamilton, and Mr. and Mrs. Norman Walker, Toronto, spent the week-end at the home of Miss Marion and Mr. Ernest Carlisle. Mr. and Mrs. Cecil Carlisle remained for a week to visit other relatives.

## ADVERTISING SUBSIDY

When I first said in this column about a year ago that the CBC was subsidizing big advertisers, sometimes up to 40% of the cost of the programs they "sponsored," the CBC public relations department attacked me. They wrote the editors of papers carrying my column to say how mistaken I was, and they denied my assertions vigorously.

They now sing a different song! Before the Fowler Commission on Broadcasting they have admitted I was right. They do subsidize large advertisers up to 40%. Why did they try to hide this scandalous business from the public?

They knew very well it would arouse public opinion, and it certainly has. Mr. Joe Galonsky, fiery secretary of the Manitoba Farmers' Union, told the Royal Commission on Broadcasting in no uncertain terms that the farmers of Manitoba don't want to subsidize these big companies or their products. He asked why in the world Manitoba farmers should subsidize Canada Packers to help them sell margarine in competition with butter?

No one gave him an answer. There is no answer that makes sense. Many a farmer will wonder how the Canadian Federation of Agriculture could support the CBC to the degree it did. The executive of the Canadian Federation of Agriculture might be wise to clear such things pretty carefully with rank-and-file farmers. Perhaps the officials are out of touch. Perhaps they are so delighted to get time on CBC and co-operation from the CBC that they have become blinded to some of the practices which take place within the Corporation.

The Manitoba Farmers' Union often does things which I am dead against. But on this broadcasting issue I think they took the stand that most farmers, as individuals, would have taken. The CBC has grown to be a colossus! It is costing the taxpayers fabulous amounts of money! It is subsidizing

the big advertisers! Surely, it should have its wings clipped!

## What Others Say!

### STRAPPING IS OUT

(Port Arthur News-Chronicle)  
Teachers in the Timmins schools say discipline has deteriorated since the straps were taken from them. It is getting back to the old principle of "No lickin' no learnin'." And there are quite a number of adults who, having gone through the schools in their own time will agree that a strap has its use and value.

### A CHURCH VIEW ON STRIKES

(The Printed Word)

The United Church of Canada, in its brief to the Royal Commission on Canada's Economic Prospects, says that the time has come when the right to strike, particularly in large industries, whose operations affect the entire economy, should be seriously re-examined.

Strikes, the United Church brief points out, hurt both employers and employees. They also impose hardship on many innocent parties, including the smaller supplier industries, as well as merchants and tradesmen. The fact that organized labor is free to impose such economic hardship upon so many who are not even involved in an industrial dispute, the United Church of Canada rightly believes, is a real threat to national progress and well-being.

Thoughtful Canadians everywhere may be expected to applaud the courageous leadership of the United Church in pointing as it has to the injustice and hardship that result from strike action in large modern industry. Nowhere is strike action less justified than in essential rail transport. Yet rail union leaders still loudly proclaim their "inalienable right" to inflict on the country nationwide paralysis of rail transport.

Union leaders, as the United Church properly notes, must learn that in in-

## NAME NEW REGISTRAR OF MOTOR VEHICLES

J. P. Bickell, Registrar of Motor Vehicles for the Ontario Department of Highways since it was established in 1915 until his current retirement, 1907 as a clerk. He was put in charge of motor vehicle registrations at a time when many believed the automobile was just a passing fad. Mr. Bickell, (inset), thought otherwise and lost no time in laying the groundwork for the branch he was to head for 41 years. The illustration shows Alan G. MacNab, the newly appointed Registrar and long Mr. Bickell's assistant, holding with Hon. James N. Allan, right, Ontario Minister of High-

It is a brass and leather automobile marker, issued in 1903, and one of the first official plates seen on Ontario's urban community streets. In announcing Mr. MacNab's appointment as Ontario's second Registrar of Motor Vehicles, Premier Leslie M. Frost and Highways Minister Allan extolled the "industry, integrity and intelligence" which marked Mr. Bickell's conduct of public affairs.

dustrial disputes, the common good is paramount to the special interests of the parties. If they fail to do so, they will have nobody but themselves to blame if the public insists that limitations be placed on strike action.

Railway workers get higher wages and the railways ask for higher freight rates. The people always pay.

There were 2,871 coal-burning steam locomotives in service on Canada's railways at the beginning of 1955, and 1,867 oil-burning steam locomotives and diesel electric units. Three years earlier the respective totals were 3,553 and 1,129.

The first golf club in North America was the Royal Montreal, founded in 1873.

It's been one of the longest and coldest winters on record, but by now most of us are busy cutting grass and weeding flower beds. And if hubby is complaining that once again this spring the garage is littered with rakes and garden tools, here's a neat trick to keep all those tools in place. A four-foot length of wire fencing stapled across several of the studs on your garage wall forms a perfect rack for hanging garden tools. Get your husband to bend the wires on the lower edge to form hooks. Then he can hang shears and small tools on them.

To avoid those smoking cigarette butts in your dashboard ash tray, just line the tray with a piece of tinfoil from a cigarette package and half fill with fine, dry sand.

Worth Remembering . . . When you darn socks, use an "Eveready" Flashlight as your darn egg. Slip the flashlight into the sock so that the head is under the part to be darned. Not only will you have a good working surface, but with the light on, you can see the job perfectly.

You can remove a broken bulb from a socket quickly and easily with a large cork. First, turn current OFF. Then press the end of the cork onto the base of the broken bulb and turn the cork counter-clockwise. That does it!

Here's a tip when you're spring cleaning. After rinsing or washing plastic lamp shades — don't wipe them dry! Rubbing plastic creates static which draws dust particles and makes them stick. Instead, let the lamp shade drip dry. This also applies to plastic curtains, utensils and kitchen chairs.

If you use pencil, ink, or any other marker for plant labels, just put a strip of scotch tape over the name for permanent legibility.

On "salad days" this summer, never freshen greens for more than 15 minutes or they will become soggy. It also helps to add a few cubes of ice to the water. Green leaf salads should be dressed at the very last minute on they will be cooked by the vinegar. Even 5 minutes too soon makes a big difference. Other vegetable salads should be kept in dressing for at least an hour before serving.

When Bill accuses me of extravagance, I am often tempted to remind him that at least I'm not guilty of paying 10 cents for a cup of coffee — then tipping a quarter because the waitress is pretty. Or paying \$3.00 for minnows in order to catch one ten-inch bass. Or using \$5.00 worth of shotgun shells to get one partridge. Oh well, men are men — thank goodness!

## May Move County Home

Decision of Northumberland and Durham Counties Council to move the Home for the Aged to Port Hope is expected to reintroduce a move on the part of the Corporation of Cobourg to withdraw from the Counties.

## Intensify Highway Safety Education

An intensification in the Province's safety campaign is announced by Premier Leslie M. Frost in a joint statement with Highways Minister James N. Allan and Attorney-General A. Kelso Roberts.

The Premier said that the biggest job in this safety campaign is to educate motorists in putting safety before and above all, and eradicating from their minds the belief that speed and power are the two qualities most desirable in an automobile.

He pointed to advertising and publicity as creating a desire for cars which will go faster, and appealed to these two sources for support in im-

pressing motorists with their responsibility for safety on the highways.

"It is a big job, of that we are all aware," said Mr. Frost. "I appeal to everyone, motorists, newspapers, the public and the motor car manufacturers to assist us in this project. We have now to breed in people's minds the common cause of care and safety on the roads."

Another important phase of the safety campaign will be a drive to eliminate accidents at railway crossings. Provincial authorities have started discussions with the Board of Transport Commissioners, and under consideration are more and better signs at approaches to crossings.

The Premier also said that overpasses will be built at many places, especially where highways are being rebuilt. But it would not be possible to eliminate all crossings with overpasses as there are at least 10,000 level crossings in the Province.

"What is really needed," pointed out Mr. Frost, "is for the railways to abandon their horse and buggy approach to warning signs. These should be placed more than five feet from the crossing as many are now in the Province."

## NEWS FOR THE BUSY FARMER

### WEED OF THE WEEK

UNKET ROADSIDES  
HAZARD TO AGRICULTURE

In this year 1956 a great many Ontario roadsides are still so overgrown with weeds that they have the appearance of pioneer trails through the woods, says the Field Crops Branch of the Ontario Department of Agriculture. Weeds such as Chicory, Goldenrod and Queen Anne's Lace may be colorful, but many farmers lose money each year because they spread from roadsides to adjacent fields. Weeds and brush can also cut down visibility on the road and so become a hazard to the travelling public. In addition many weeds and shrubs are unsightly and detract from the scenery.

The Weed Control Act of Ontario expressly states that municipalities are responsible for the destruction of noxious weeds on road allowances, just as private property owners are responsible for the control of weeds on their land. It is good law, good sense and good public relations for municipalities to keep their roadsides as well as their roads in good shape.

One of the first steps in any roadside weed control programme is to prevent weeds from getting a foothold. This means that when work is done on roads the roadsides should be graded to facilitate mowing or spraying. And fresh cut surfaces should have grass seed and fertilizer applied to give a protecting cover and prevent weeds from getting a start.

Mowing several times a year will prevent weeds from going to seed, but few roads can be mowed from road edge to fence row. Where stones, ditches, posts and other objects rule out mowing, regular spraying with herbicides provides the most effective, cheapest and quickest method of weed control available. 2,4-D and 2,4,5-T are effective on a wide range of weeds and brush without harming grass or being dangerous to livestock. When using these chemicals the amine or low volatile ester forms should be used to protect susceptible crops. Sodium chlorate is a contact herbicide of the type which affects all vegetation.

For detailed information on the uses of herbicides on roadsides consult Weed and Brush Control on Roadsides, the Handbook on Chemical Weed Control (Circular 75) or the Guide to Chemical Weed Control on Roadsides (Circular 75C). These are available from the Ontario Department of Agriculture, Toronto.

### NEW 4-H REGULATION AT OTTAWA WINTER FAIR

The Ottawa Winter Fair Association has adopted a new regulation whereby each 4-H member must have achieved 70% in his year's work before becoming eligible to exhibit a calf at the fair. This recommendation was submitted by the Junior Committee of the Association, comprising County Agricultural Representatives and Assistants from Eastern Ontario. Previously, club members exhibiting the four top ranking calves at the various local achievement days were awarded the trip to the 4-H Championship Show at the Ottawa Winter Fair. Commencing this year, however, standings in all phases of the 4-H program will be taken into account in selecting the trip winners. These include, care of the project, attendance at meetings, records kept, judging scores, showmanship and placing of calf at the achievement day.

This change in the 4-H section of the Ottawa Winter Fair is indicative of today's trends in club work to recognize all-around achievement. In addition, it represents progress in reaching one of the basic objectives of the 4-H club movement — providing a well balanced training in citizenship and the personal development of the young people taking part.

### GOOD TIME TO TAKE SOIL SAMPLES

Farmers who intend to take soil samples from fields which will be going into fall wheat, should do so as soon as the busy season of planting spring crops is completed, advises Prof. T. J. Heeg, Soils Department, Ontario Agricultural College, Guelph. Prof. Heeg adds that this would also be a good time to sample hay and pasture fields for top dressing treatments in mid summer or fall.

Soil samples arriving at the O.A.C. Soils Department before July can be given prompt testing, says the O.A.C. authority. Farmers who send in samples before the peak period of soil testing in August will be assured of an early fertilizer recommendation.

Soil sample boxes, together with instructions on taking soil samples, are available from the County Agricultural Representative.

### LIMESTONE USE UP OVER PREVIOUS YEAR

While the movement of agricultural limestone under the subvention assistance policy for Ontario during the past year shows an increase of more than 3,000 tons from the previous year, ending April 1st, it is more than 11,000 tons below the peak year of 1953, when total tonnage moved under the policy amounted to 51,941 tons, according to the Field Crops Branch, Ontario Department of Agriculture. Movement by truck showed an increase over the previous year of some 7,000 tons to total 26,115 tons. Less than one half this amount, or 14,400 tons were transported by rail.

The policy is made available in order that ground limestone may be made available to farmers at reasonable cost. It is a co-operative project between the railway companies, the Canada and Ontario Departments of Agriculture. Ground limestone purchased under the policy must conform with certain chemical and physical analysis and is subject to official sampling and testing from time to time.

Farmers can determine if their soil needs lime, for the particular crops they wish to grow, if they submit soil samples to their nearest soil testing laboratory. Further information may be obtained from County and District Agricultural Representatives or direct from the Field Crops Branch, Ontario Department of Agriculture, Toronto, whose officials are responsible for administration of the policy.

### WOOL PRODUCTION

Wool production in Canada, excluding Newfoundland dropped very slightly between 1954 and 1955, from 8,051,000 to 8,041,000 pounds. At the same time there was a substantial rise in imports of approximately 12 million pounds.

### TWO-YEAR COURSE

Dr. J. D. MacLachlan, president of the Ontario Agricultural College at Guelph, Friday told final sessions of the Ontario Agricultural Representatives' annual meeting at Kemptonville, that agriculturalists must look to the two-year diploma course as the primary training ground for farm operation.

### No June Session For Legislature

No special session of the Ontario Legislature will be held in June, Premier Leslie M. Frost announces. Consideration had been given earlier to a sitting in this month because it was expected that the Supreme Court of Canada would have reached decision this Spring on the validity of the Province's farm marketing legislation.

Federal and provincial spending on social security, health and welfare currently totals about \$2,468,000,000 annually.

## CONSERVATION NEWS!

### Fire Prevention

Build campfires only on rock, sand, gravel or mineral soil — near water! Clear away all inflammable debris and overhanging branches. Keep your fire small — it will give enough heat.

When you leave your campfire — even for a few minutes — put it dead out, with water! And before you move on, pour more water around the edges and take a final feel of the ashes to be certain no live embers remain.

Never smoke while walking or working in the bush or on the trail. Be a good woodsman — sit down to smoke.

Crush out cigarette butts and pipe heels on rock, or throw them in water. Use safety lighters.

Use thermos bottles to carry hot drinks whenever possible — help reduce the use of fire and consequently the fire hazard. Use a spark arrester on your cabin chimney and a standard refuse burner for destroying rubbish.

In every way possible — play it safe! Prevent Forest Fires.

## THE FOOD BASKET

### BUTTER WITH EVERY MEAL

"Butter with every meal" is a good slogan for Canadian homemakers because this very special Canadian dairy product is an undisputed food of good taste. For centuries butter has been prized by good cooks throughout the world — they know that it adds wonderful flavour, colour and richness which can be obtained in no other way. Imagine eating fresh hot rolls, biscuits, muffins or Johnny Cake without the delightful goodness of butter! As anyone on a low-fat diet will agree, when you cannot have butter these foods lose much of their appeal.

More and more fresh garden vegetables will be available as summer progresses and what better way to serve them hot than with a generous piece of butter on top. Not only does the butter act as a colourful garnish but it adds richness and flavour to the cookable vegetables. For a change, especial-

ly with asparagus, broccoli and other greens, lemon butter is nice to serve and easy to make — just melt the butter and add a little lemon juice and grated lemon rind, then pour over the hot vegetable in the serving dish or let each person serve himself at the table.

Sauces for both main course and dessert when made with butter are rich, smooth and full of flavour. Butter is also excellent for cooking meat, poultry, eggs and fish and, for using as shortening in desserts and pastries, it is unsurpassed. Pound cake owes its flavour to butter and in order that the characteristic flavour will predominate, it is usually served without icing. Butter is used extensively in puff pastry, shortcake dough, icings, tarts and cake fillings. It also adds crispness, tenderness and flavour to cookies such as these Butter Wafers suggested by the Consumer Section, Canada Department of Agriculture:

**Butter Wafers**  
1 cup melted butter  
3/4 cup brown sugar  
1 egg  
1 teaspoon vanilla  
1 1/2 cups sifted all-purpose flour  
or 1 1/2 cups sifted pastry flour  
1 teaspoon baking powder

Mix butter and sugar well together then add egg, beat thoroughly, and add vanilla. Sift flour and baking powder together and blend into other ingredients. Chill in the refrigerator for about 15 minutes then drop half teaspoons of batter on ungreased cookie sheet, allowing 1 1/2 inches between each cookie. Bake 6 to 7 minutes in 350 deg. F. oven. Remove from pan while still hot.

### The White Lines Aid Driving

Although travel peaks normally occur in July and August, it is at this season of the year when the actual increase in the amount of travel from month to month is at its greatest. Care in observing all traffic directions and road signs and markings is a first essential for safety.

The broken and solid white line markings are one of the most valuable safe driving aids. Careful sur-

veys made by Department of Highways engineers and based on distances at which approaching traffic can be seen, govern the nature of the markings — whether solid, broken or a combination of the two.

Briefly they indicate:

1. A solid line — Not sufficient sight distance for oncoming vehicles to be seen beyond a curve or over the brow of a hill.
2. A dotted line — At normal speeds, oncoming traffic may be seen at sufficient distance to judge whether an overtaken vehicle may be passed in safety.

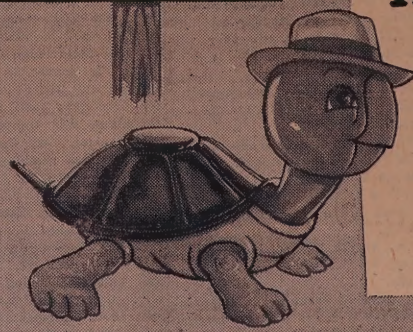

3. Combination — Do not cross a solid white line when it is on your side — sight distance is not sufficient. When the broken line is on your side you will be able to see far enough ahead to decide whether any oncoming vehicle is distant enough to allow you to cross the center line of the road in safety.

Passenger car sales in Canada in 1955 totalled 386,937. Sales and excise taxes remitted to the federal government by the automobile industry totalled \$172,189,762 in that year, an average of about \$445 per car.

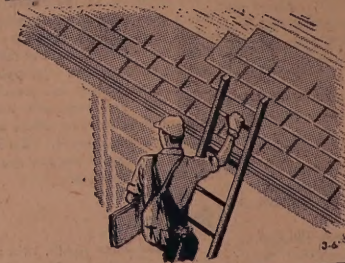

Peach blossoms in Ontario are just now making their appearance. Although two weeks later than usual, it is not expected that this will effect Ontario's annual crop of approximately 100,000,000 pounds of peaches. To mark the occasion of peach blossom time in Ontario, a blossom festival involving a big parade was recently held in Niagara-on-the-Lake. Representing the Ontario Peach Growers Association in the blossom festival was pretty, eighteen-year-old Jean Myers, U.S.A. National Peach Queen from Kell, Illinois.

Members of Ivanhoe W.I. who attended the Women's Institute District Annual held at Petherick's on Tuesday, June 5th were Mrs. E. McMaster, Mrs. John Wright, Mrs. Wm. French, Mrs. H. Vennicombe, Miss Edna Tanner, Miss Jayne Gay, Mrs. J. B. Hagerman, Mrs. H. Cook and Mrs. John McLaroy.

Rev. C. R. Rudd, B.A., B.D., District Secretary of the British and Foreign Bible Society in Canada, conducted the service in Beulah United Church on Sunday evening.

Mrs. Harold Powers and baby, of Read, are spending a few days with Mr. Michael and Mr. and Mrs. Gerald Kerby.

### St. Andrew's Club

West Huntingdon

St. Andrew's Club, West Huntingdon, met at the home of Mr. Wallace Fleming and Miss Helen Fleming on Friday evening. The President, Mrs. Harold Thompson, opened the meeting by reading a poem, "The Great Physician," was sung and Rev. W. H. V. Walker led in prayer. The Scripture Lesson, Luke 18:1-14, was read by Mrs. W. H. V. Walker.

Roll call was answered by a Proverb. The minutes were read by Mrs. Wm. Donnan and a short business session was held. It was suggested that the Club members meet to paint the fence at the Church. Plans were made to hold a bake sale at Oak Lake in July. A fine reading on the fifth Beatitude, "Blessed are the merciful for they shall obtain mercy," was given by Miss Margaret Wright. A piano solo was given by Mrs. A. Hassall and a reading "Table Manners," by Grant Thompson. A musical number was given by Helen Fleming, followed by

a reading, "Be Careful What You Say," by Mrs. Wm. Donnan. "The Old Ragged Cross," was sung by Mr. John McNair, Mrs. John McNair and Beverly with guitar accompaniment. A reading, "Woman's Job," was given by Miss Bessie Fleming.

A contest was enjoyed by all and a lunch served by the hostess and her assistants.

### Huntingdon Twp. Educational Council

Met At Moira Church

The Religious Educational Council of Huntingdon Township held a most helpful convention on Thursday of last week in the Moira United Church. Mr. Kenneth Holland, who has held the office of President for the past two years, presided over both the morning and afternoon sessions in a most efficient manner. Mr. Alex McCurdy recorded the minutes and gave other assistance to the convention.

Members of St. Andrew's Church, West Huntingdon, conducted the morning worship service. Those taking part were Mr. and Mrs. Harold Thompson and Mrs. John McNair. Mr. Don McNair, Superintendent of the Moira Sunday School welcomed the delegates.

The guest speaker for the day was Rev. Keith Daniels, of Belleville, and his leadership for the day was much appreciated. During the morning session he spoke on the convention theme "The Roots and Fruits of Decision." Following this two groups were led by Rev. George Teskey and Mr. Earl Wannamaker.

The ladies of Moira W.A. served a wonderful dinner in the dining hall of the Church.

The worship service for the afternoon session was conducted by Mr. H. R. Burke, Superintendent of the Fuller United Church Sunday School. He was assisted by Rev. G. Teskey.

Roll call revealed delegates present from each of the nine Sunday Schools in the area. The resolutions committee gave their report. This was supported by Messrs. H. R. Burke and Philip Carr. The nominating committee also gave their findings. This committee was composed of Milton Vanderwater, Cecil Geen and Arthur Wilson. The newly elected officers were installed by H. R. Burke as follows:

Past President, Kenneth Holland; President, Donald McNair; First Vice-President, Cecil Geen; Recording Secretary and Treasurer, Alex McCurdy. The 1955 Department Leaders were all re-elected with the exception of Rev. C. R. Chapman for Boy's Work and Don Kennedy was elected in his place.

Rev. Daniels contributed a solo with Mrs. Reg Haggerty at the piano. The leaders of the discussion groups gave a brief report of their findings on the subjects, "What do you want to happen in the lives of your children?" and "How can these things be?"

A trio composed of Mrs. Demille, Mrs. George Wood and Mrs. Barnard, was heard in a lovely song. They were accompanied by Mrs. Reg Haggerty. The closing address was ably given by Rev. Daniels and the appreciation Edith Haggerty, who accompanied

## Vote On Sewerage Question To Be Held On Tuesday, July 3rd

### Tax Rate of Sixty-Three Mills Struck By Council At Special Session

#### Building and Cemetery By-laws To Be Revised—Council To Meet Mon., July 9th

In special session on Monday night the Village Council struck the current year's tax rate at 63 mills, the same as last year. Reeve R. K. West presided and all members of council were in attendance.

The total assessment for the Village is \$940,888.85, an increase of \$4,954.79, over last year, and the total taxes levied will be \$59,276.00, an approximate increase of \$312.00 over last year.

This year there is an increase of .9 mills in the County Rate, and .4 mills in the Public School, while the High School Area rate drops .3 mills, debentures .1 mill and street lighting .1 mill. Members of Council were able to pare their estimates to lower the general rate .8 mills and thus keep the tax rate the same as last year.

The Village will pay \$14,732.59 to the County; \$9,466.60 to the Centre Hastings High School Area; \$7500.00 to the Public School Board; \$940.89 to the Public Library; \$1835.74 for hydrant rentals; \$470.45 for Board of Health; \$8018.55 for debentures and \$3199.02 for street lighting.

A comparative list of last year's rate with this year's follows:

	1955	1956
County	14.8	15.7
High School Area	10.9	10.6
Public School	5.9	6.3
Library	1.0	1.0
Town Rate	16.3	15.5
Hydrant Rentals	1.5	1.5
Board of Health	0.5	0.5
Debentures	8.6	8.5
Street Lighting	3.5	3.4
	63.0	63.0

#### To Vote On Sewerage July 3rd

Council also gave the necessary readings and passed Bylaw 277, setting Tuesday, July 3rd, as the date for the vote on a sewerage system for the Village. A copy of the By-law appears elsewhere in this issue of the News-Argus.

Matters concerning streets were also discussed by Council.

#### To Meet Next

Owing to Dominion Day falling on the first Monday of July, Council decided to meet on Monday, July 9th.

The Building Bylaw and the Cemetery Bylaw were discussed and Councilors were of the opinion that no changes were due in each. Clerk Mallory was instructed to investigate the matter in an effort to bring them in line with the Provincial Acts covering the same and report at the next Council meeting.

### Cubs Hold Final Meeting Until Fall

On Monday, June 4th, the Cubs held their last meeting for the summer. The meeting opened with the Grand Hymn and prayer led by Mrs. Woodbeck. Inspection followed and Cubs broke up to play ball. At 8:30 Baloo had two fires going and the Cubs enjoyed a weiner roast and chocolate milk. Just as the closing ceremonies were finished down came the rain and everybody had to run for home.

This has been a very successful year with the boys. We have five leaders and the promise of one more next fall. There will be A and B Packs next fall. Ten boys have received their First Stars and seven boys their Second Star and quite a few badges. So now we close for the summer, hoping to meet all the boys in September.

#### Cub Field Day

On Saturday, June 9th, the Annual Trent Valley District Cub Field Day was held in Marmora. One hundred and fifty Cubs and leaders took part in the programme. The programme was made up so that the boys could pass their Athlete's Badge. Boys from Norwood, Warkworth, Campbellford, Marmora, Havelock, Campbellford and Stirling were in attendance.

Mr. Sid Jennings, Norwood, thanked the Marmora committee for entertaining the Cubs.

### To Receive Doctor's Degree

Congratulations are extended to Tom Patterson, son of Mr. and Mrs. R. A. Patterson, Stirling, who was successful in his final year medical exams. He will receive his doctor's degree at the graduation ceremonies of Toronto University being held in Convocation Hall tomorrow (Friday).

Mr. and Mrs. R. A. Patterson and Mr. and Mrs. R. D. Patterson, of town, will attend the graduation.

### Engagement

Mr. and Mrs. C. A. Wells wish to announce the engagement of their daughter, Eleanor Eulalie, to Mr. Roy Wilfred Franks, son of Mr. and Mrs. W. G. Franks, of Cobourg, Ont., marriage to take place in St. Paul's United Church, Stirling, on Saturday, July 7th, at 2:30 p.m.

### Pastorate Changes In District

Among the changes in district Pastorate Charges approved by the Bay of Quinte Conference of the United Church, held in Brockville last week were Rev. K. Crawford, Marmora, going to Gananoque East Charge; Rev. F. E. Madden, Sunderland, coming to Marmora; Rev. W. E. G. Dovey, going to Rednersville, from Sidney Charge; and Rev. R. M. McMullen coming to Sidney Charge from Mallorytown. All changes take effect July 1st.

Rev. Harry Mellow, Oshawa, is the new President of Conference.

### Attend District W.I. Convention

The District Annual Convention of West Hastings was held at Marsh Hill Church on Wednesday with an all day's programme.

Mrs. L. Rodgers, of Stirling, the District President, carried out her duties very efficiently. Those present from Stirling Women's Institute were Mrs. E. Foster, Mrs. S. McMurray, Mrs. W. H. Cooke, Mrs. W. C. West, Mrs. A. Gordanier, Mrs. Blanche Reid, Mrs. C. Wright, Mrs. H. Rodgers.

A very educational day was reported by those attending.

### St. John's Guild

The regular business meeting of St. John's Ladies' Guild, was held in the Church Chapel on Tuesday afternoon, June 5th. The President, Mrs. B. Woodbeck, opened the meeting with a hymn, followed by the Lord's Prayer and the Guild Prayer.

Thirteen members answered the roll call. The programme was opened with a reading by Mrs. H. C. Secker entitled, "If You Were Born Today." Mrs. T. Tanner and Mrs. Earl Morrow also gave readings entitled, "Hospital Visitor" and "The Call of the Country." Mrs. Secker closed the meeting with the benediction.

Lunch was served and Mrs. Secker moved a vote of thanks to all who helped with the meeting. This was the last Guild meeting until September 4th.

### Horticultural Society Discuss Flower Show

At the monthly meeting of the Stirling Horticultural Society held on June 7 at the Department of Agriculture Rooms the Secretary reported a membership of over one hundred.

The annual Convention of District 3 to be held in Kingston on Saturday, June 20th, was discussed and it was decided to ask members and friends to make up their own car loads and proceed independently to Kingston at their convenience.

Programmes have been distributed to members and any that can go may be assured of a hearty welcome and a most enjoyable day. Registration begins at 9:30 a.m.

The question of an early summer flower show featuring roses, peonies, pansies and delphinium, was debated and a favourable response indicated. Final decision was left until the end of June, when the availability and condition of blooms can be better estimated.

The planting of the cemetery bed, Library window boxes and flower beds at the Memorial Park will be completed by the end of the week.

### Streets Washed Paint Parking Lines

The streets of the business section were given a washing on Wednesday afternoon preparatory to having parking lanes painted. The work was carried out by Fire Chief R. E. Fox, C. F. Davidson, Reeve R. K. West, W. Sinclair and F. Wannamaker.

#### Parking Lines Painted

This (Thursday) morning Maurice Bell and his employees painted parking lines on Mill, Front and North Streets. Motorists are urged to park their vehicles in accordance with the lines and thus assist in overcoming the parking problem.

### Mrs. H. C. Secker Speaker At St. Andrew's Ladies' Aid and W.M.S.

The June meeting of St. Andrew's W.M.S. and Ladies' Aid was held at the Manse. The ideal day made it a day to be remembered by those who were privileged to attend.

The meeting was opened by the President, Mrs. Roy Eggleton, who read a poem entitled, "Love." The Scripture Lesson from Matthew 22-32, was read by Mrs. Don Fargue. If we love the Lord with all our hearts and are willing to surrender our lives to Him we are inspired to greater heights of service in His name.

A paper on "The Love For God," was read by Mrs. Roy Eggleton. Jesus called together His disciples and gave them this command, "Thou shalt love the Lord with all thy heart." It demands our willingness to give up everything for His sake. We must have a constant desire for self-improvement by acquiring more knowledge and applying such knowledge in bettering mankind. We should be humble in the face of these accomplishments giving the honor and glory to God.

Mrs. Eggleton led the meeting in prayer that we each have hearts full of love. The hymn, "Jesus My Lord My God My All," was sung.

The minutes of the last meeting were read by Mrs. Earl Fox. Roll call with the word "Love" the keyword followed. Each month let us strive to do better. It was decided that this month each member should act as a visiting committee. Again with deep inter love in our hearts let us not forget the sick and shut-ins.

A helpful article from the Glad Tidings was read by Mrs. R. H. Williams. Again with love in our hearts we should help with the Indian children.

A piano solo, "Whispering Meadows" by Mrs. Verola Matthews was a delight to all. A reading, "The Light of the Freely Given Spirit," was read by Mrs. Blanche Reid. This was from the Glad Tidings.

A paper entitled, "What Is Whimsy?" which had been selected by Mrs. E. Parker, was read by Mrs. H. Rollins. What the world needs is what the Church has to offer the world.

### Appointed As Assistant Manager

Stirling and district friends will be pleased to learn of the recent appointment of W. Frank Linn, of Montreal, as assistant manager for Canada of the Corroon & Reynolds Group, comprising the American Equitable Assurance Company of New York, the Merchants & Manufacturers Insurance Company and the New York Fire Insurance Company. Mr. Linn joined the Corroon & Reynolds Group when they entered Canada in 1929 as Chief Accountant and has served in that office up until the present time.

He is a son of the late Mr. and Mrs. Chas. F. Linn, of Stirling. Mrs. J. B. Hough, of town, is his sister.

### Has Operation

Friends of Miss Eleanor Wells will regret to learn that she underwent an appendectomy in Hotel Dieu Hospital, Kingston, on Tuesday of this week. Latest report is that she is progressing satisfactorily.

### Mrs. Mae Sarles Roberts Passes

The funeral of the late Mrs. Mae Sarles Roberts was held at the Duffin Funeral Home Wednesday at 3 p.m. with Rev. A. Packman conducting the service.

The pallbearers were Messrs. R. A. Patterson, Harvey Pitcher, C. E. Macklin, E. Wannamaker, Maurice Bell and W. L. Fox.

The late Mrs. Roberts was a daughter of the late Mr. and Mrs. James Sarles, of Stirling, and spent her early life in the village. While living here she was a valued member of St. Paul's Choir.

She leaves to mourn her husband, Harry Roberts, and two sons, James and Roland, of Detroit, Mich. Interment in Stirling Cemetery.

izing power of the Holy Spirit of God. Rev. W. H. V. Walker led the meeting in prayer.

The second part of the meeting was presided over by Mrs. W. L. Anderson, who expressed great pleasure in being able to be back in the work again. A poem by Edna Jacques was read by Mrs. Anderson entitled, "My Garden." With the love of God in our hearts and the love of the soil in our hands we are able to perform miracles in our gardens.

Mrs. H. C. Secker Guest Speaker

The honour of introducing the guest speaker, Mrs. H. C. (Rev.) Secker, was given to Mrs. W. H. V. Walker. In a few words she expressed her great pleasure.

Mrs. Secker had chosen as her subject for the afternoon "Love." In her most happy manner she transported her hearers back through history when the first command was given "Thou shalt love the Lord Thy God." This she traced very vividly from the Old and New Testaments until today through our World Council of Churches as we are hoping through the inborn love of God in our hearts to be united on earth as a great host of witnesses with the love of God in our hearts to find all enmity and strife dead.

A warm expression of thanks was given to Mrs. Secker by Mrs. A. O. Dalrymple. The appreciation was deeply felt.

The singing of a hymn and the benediction brought the meeting to a close.

At this time Mrs. A. V. Greenley conducted. Miss Gena Spry read the Treasurer's report for the Ladies' Aid. The Ladies' Aid are to be commended for their efforts. Let us never be weary in well-doing.

A delightful afternoon tea followed with Mrs. A. V. Greenley, Mrs. W. L. Anderson, and Mrs. E. T. Ward assisting Mrs. Walker the hostess. The thanks of each member present to Mrs. Walker and her helpers for their fine missionary programme and lunch was expressed by Mrs. H. Rollins.

### Power interruption Yesterday Afternoon

Hydro service in that section of the Village lying north of Front and Mill Streets was disrupted from 12 noon to 4 p.m. yesterday afternoon. The break in the service was to permit workmen to string a new feeder line.

### Paper Collection Saturday Next

The final waste paper collection until Fall by the Boy Scouts will take place on Saturday next, June 16th.

Citizens are asked to tie their waste paper in bundles and leave on the curb for collection. Your co-operation will be much appreciated by the boys.

### Won At Ormstown

Competing at Ormstown Fair on Wednesday last John Sheridan, of Stirling, won a pair of events for roadsters, with Teddy Stout and Baron Dillon. He also won six seconds three thirds and four fourth prizes with his horses.

Mr. Sheridan showed his horses at Lachute, Que., last night.

### Bowlers Open With Pot Luck Supper

The lawn bowling season was officially opened for the season on Monday night when the ladies of the Club served a delicious pot luck supper to members and prospective members. Following the supper a period of bowling was much enjoyed.

A jitney is planned for Monday evening next and all prospective members and members are invited to be present.

#### First Tournament Next Wednesday

The first tournament of the season on the local greens will be held next Wednesday when the men's club will sponsor a men's triples tournament. Due to the backward season the local bowlers haven't really got started yet but it is expected that a good representation from the district clubs will be on hand for Wednesday's event.

### I.O.D.E. Sponsors A Tulip Tea

Delightful Event Held At Home of Mr. and Mrs. Carl Potter, John St., On Friday

A graceful bouquet of pink tulips and white lilacs between tall pink tapers in silver candelabra centred the Tea Table at the Tulip Tea held on Friday last at the home of Mrs. Carl Potter. A lovely white linen cloth covering the table added to the beauty of the centerpiece and the gleaming silver tea service at each end. Crystal and silver serving plates completed the setting. Several bouquets of tulips carried the floral theme throughout the home.

The Tea, sponsored by the Hon. J. R. Cooke Chapter, I.O.D.E., was attended by many ladies of Stirling and vicinity as well as groups representing sister chapters in Belleville and Campbellford.

Mrs. Potter received and welcomed the guests, assisted by Mrs. Donald Francis. Mrs. George Noble invited the ladies into the tea room. The Honorary Regent, Mrs. Bruce Bell, Mrs. Earle Geen and Mrs. Robert Burgess presided at the tea table. The dainty repast was served by Mrs. Elwood Bateman, Mrs. David Duffin, Mrs. Robert Luery and Mrs. Jack Haggerty.

Mrs. Maurice Bell and Mrs. R. D. Cooke assisted at a home baking table and many of the ladies attending made purchases from the array of good things to eat found there. Mrs. Ray Mallory, convener of the tea and all who assisted her are to be congratulated for their efforts. This was one of the loveliest and most successful of the afternoon tea sponsored by the Chapter.

## Barlow - Ivey Nuptials At Edmonton

On Saturday, June 2nd, Betty Ivey, daughter of the late Squadron Leader and Mrs. Hartley Ivey, Edmonton, became the bride of Jesse Barlow, son of Mr. and Mrs. J. M. Barlow, of Bonarlaw, Ontario.

Rev. G. W. Wilson conducted the ceremony in St. Mark's Anglican Church, Edmonton, Alta., which was decorated with pink glads and white mums.

The bride was given in marriage by Mr. Douglas Hargreaves, of Edmonton. Her wedding gown was a cocktail length white embroidered net over taffeta and the shoulder length veil was embroidered nylon tulle with coronet headpiece. Her bridal bouquet was a mauve orchid set in white stephanotis.

Miss Marie Beecham, of Edmonton, was bridesmaid and wore a cocktail length dress of pink nylon over taffeta and matching hat. Her mixed bouquet consisted of pink roses, baby's breath and sweet peas.

Dr. Hedley J. Barlow, brother of the groom, was best man and the usher was Mr. Len Haley.

The reception was held at the home of the bride's cousin, Mrs. Lloyd Loudon, where Mr. and Mrs. Loudon received the guests with the bridal party. The bridal table was centred with the white and pink wedding cake set among sprays of pink rose buds and baby's breath and lighted white

candles. Mr. Douglas Hargreaves proposed the toast to the bride.

For a honeymoon trip to Ontario, the bride changed to an ensemble in grey-blue boucle, the straight cut coat worn over a matching sheath frock. Her accessories were blue and white and her corsage was an orchid.

Mr. and Mrs. Barlow will make their home at 12714 117 Avenue, Edmonton, Alta., where the bride is a nurse at the Royal Alexandra Hospital and the groom is stationed with the Royal Canadian Air Force.

## Rev. F. G. Stewart New Moderator Presbyterian Church

Rev. Finlay Gordon Stewart, Kitchener, minister of Canada's largest Presbyterian congregation, was elected Moderator of the Church's 82nd General Assembly last week.

Two ballots were required to choose a successor to Rev. Walter T. McCree, of Toronto, who predicted in his retiring address that 100 new Canadian Presbyterian Churches will be built in a seven-year period ending in 1960.

Mr. Stewart is chairman of Kitchener's board of education and minister of its 1,300-member St. Andrew's Church.

He has held the charge, his second, for 20 years. His first, after attending the University of Toronto's Knox College, was Drummond Hill Church, Niagara Falls. As a World War II army chaplain he was mentioned in

dispatches.

Other nominees for moderator were: Rev. Frank S. Morley, Calgary; Rev. A. H. Johnston, Fort William, and Rev. A. I. Burnett, Ottawa.

**Election Unanimous**

Mr. Morley and Mr. Johnston dropped out after the first ballot. On Mr. Burnett's motion, the election was made unanimous by the 230 clergymen and lay delegates from across Canada attending the opening of the six-day assembly.

After he was installed, the new Moderator was presented with a gavel and block as a personal gift from Rev. H. Douglas Stewart, of Victoria Church, hostess for the assembly.

His predecessor said in the opening service sermon that, although it has taken 30 years for the Presbyterian Church in Canada to recover from the effects of church union, "a new fervor has gripped our people."

"I think it is practically assured that between 1953 and 1960 more than 100 new churches will have been built," he said.

"In 1925, we were driven back and it seemed as though we had lost what we had deemed to be our destiny in the economy of church and nation."

**New Strength**

However, said Mr. McCree, this "testing time" for the church may actually have lent it new strength.

"Faith which continues under stress brings glorious results," he said, predicting that "our exile has ended."

Mr. McCree noted that the church collections now almost equal those of the church before the union in 1925,

which cost it the majority of its congregations, and that last year's \$1,000,000 budget was the highest in its history.

He said that true greatness — for a nation, a church or an individual — does not come easily but rather by "meeting and overcoming dangers."

## Tweed Theatre Will Be Closed For Summer

Stanis Quinn, proprietor of Victoria Theatre, Tweed, has announced that the theatre will be closed for the months of July and August. He gives as his reason for the move, decreased patronage at the theatre. He has not yet decided whether the theatre will be re-opened in the Autumn. The advent of television has unquestionably had a deterrent effect on theatre attendance in many parts of the country.

## Granddaughter of Mrs. M. Palmer Married

Miss Betty Joan Sweet, daughter of Mr. and Mrs. Harold W. Sweet, Pierpont Ave., Potsdam, N.Y., became the bride of Rev. Harry Budd Miles, of Upper Fairmont, Md., in a double ring ceremony performed at 10 o'clock on Saturday morning, June 2nd in the First Methodist Church, Potsdam, N.Y. Rev. Merle Brown, the pastor, officiated.

Given in marriage by her father, the bride wore a floor-length gown of ice blue lace over satin with long pointed sleeves. Her fingertip illusion veil was attached to a crown of iridescent sequins and pearls. She carried a white prayer book topped with white roses and lilies of the valley.

Miss Phyllis Jane Sutton, cousin of the bride, was her only attendant. She wore a pale pink nylon chiffon gown, ballerina length, with a headpiece of tiny leaves matching the shade of the dress. She carried a basket of spring flowers.

Joseph Maist, of Madison, N.J., was best man. The ushers were Donald Sweet, brother of the bride, and Richard Hess, of Madison, N.J. Calvin Oederson, of Pearl River, N.Y., was soloist.

A reception was held in the Church following the ceremony and a luncheon was served at the home of the bride.

The bride is a graduate of Potsdam High School and the Ellis Hospital School of Nursing, Schenectady. She did graduate work at the University of Maryland and Drew University.

The bridegroom is a graduate of Washington High School, Princess Anne, Md. He attended Western Maryland University from 1946 to 1948, served four years in the air force and was graduated from the University of Maryland in 1954. He is enrolled at Drew University as a candidate for his B.D. degree.

Mrs. Miles is a granddaughter of Mrs. Margaret Palmer, of Stirling.

## THE FOOD BASKET

### FROZEN FOODS

Almost everyone will agree that frozen foods are becoming more and more popular here in Canada and is it any wonder? The good colour, fresh flavour and fine texture of most foods are retained during freezing and there is practically no loss in food value. Besides this, frozen foods are convenient to use and they save time because so much of the preparation for the table has been done beforehand.

Anyone who owns a home freezer may well take a lesson from commercial processors with regard to what foods freeze best and how they should be prepared and packaged. As is evidenced by the variety available in the shops, most fruits and vegetables freeze well. However, pears are an exception in the fruits and vegetables such as celery, tomatoes and cucumbers, which are usually eaten raw, lose their crispness and fresh flavour when frozen.

Generally speaking, it is the short season foods which are frozen because they cannot be kept in their fresh state. This is the season for freezing fresh young stalks of asparagus and rhubarb — and how good they will taste when winter rolls around again! Freezer owners and locker patrons will want to freeze plenty of these spring treats while they are plentiful.

The Consumer Section, Canada Department of Agriculture has included accurate instructions for freezing asparagus and rhubarb in their bulletin number 892, entitled "Freezing Foods." For a copy of this publication, write to: Information Service, Canada Department of Agriculture, Ottawa, Ont.

Retail stores in Canada did a record total of \$12.9 billion of business in 1955; independent stores accounted for \$10.6 billion, chain stores for \$2.3 billion.

## Quick Can. Quizz

1. Which province has the highest birth rate? Which has the lowest?
2. Of the 265 seats in the House of Commons, which province has the largest number? Which has the smallest number?
3. Of all Canadians with jobs, what proportion are trades union members: one out of five, three out of five, four out of five?
4. In the past 20 years how many men have served as Prime Minister?
5. In a year do Canadians spend more on new home construction, on national defence, or on state welfare and social security?

ANSWERS: 5. State spending on welfare and social security, more than \$2 billion; national defence, \$1.7 billion; new housing, \$1.2 billion. 3. One out of five. 1. Newfoundland has the

highest, British Columbia the lowest. 4. Three men: King, Bennett, St. Laurent. 2. Ontario, 85 seats.

## St. Paul's Notes

(By Rev. A. Packman)

The Bay of Quinte Conference which met at Brockville last week provided both interest and inspiration. It was a great gathering, the Churches being well represented and the business dispatched with efficiency and without loss of time. Very seldom do large Conferences achieve either of these desirable aims.

Sunday morning at St. Paul's, Mrs. Walter Elliott gave a particularly good impression of the work of the W.A., of which she is President on the Conference level. Paul Packman represented the candidates of the Conference and the Minister told of its main theme — Thinking Bigly.

Sunday being the 31st anniversary of the birth of the United Church of Canada, to the very day, was in fact, a great day in the life of this Church which gathered up the best in several denominations to become a National Church. This undoubtedly is happening and it is a happy thought that of the hundreds of people attending the Conference, one does not know from which branch of the Free Churches they came, nor is one particularly interested.

### Banns of Marriage

Banns were published on Sunday morning for the marriage of Ronald Herbert Hadley, of Rawdon Township, and Patricia Evelyn Bruce, of the Village of Stirling.

Stars of the Festival — Mrs. Henry McColl, Leila and Donna, will sing Sunday morning, June 17th, at St. Paul's.

### Space, Time and Death

Never before were the people of the earth so blessed by pain lifters, rubber-outs of fear, and general improvers of morale. Not long ago, a doctor in the United States told us we would or could, if we cared to, live to be 100 or more, now we have a certain scientist telling us that when space travel arrives, it will prolong life. The simple fact being that according to relativity, an astronaut travelling at high speeds will age less than his contemporaries on earth.

This should have gone under a different title, so it is continued below.

### Mad Hatters

The above will seem to work something like this — A Fahrenheit thermometer put into your tub should register 40 degrees; replace it by a Centigrade thermometer and the temperature will register as eight degrees. Simple, isn't it.

Other Mad Hatters are getting around I see. There was a day when one would go just crazy at the sight of a lady's hat. Well, I agree, they were not hats really, that is, if it rained the lady took the hat off and stuck it in her hand-bag, or stepped into an express office and expressed it to her home address. I knew a lady who,

when rain came and if she was out with her hubby, removed the hat and tucked it into her man's waistcoat pocket. She stopped doing that because he mistook it one day for his hanky. One of the prettiest hats I ever saw was made up of two ortolan, which merged in a loving embrace, scant protection I grant you, but after all, a girl can't very well put a whole bird on her top-not can she. Then there were the tiny jewelled caps which delight the sunshine with their shameless frivolity. Alas, it is all to go, it seems. Someone got an idea that an inverted German helmet would look better or a crash helmet or a copy of the Chinaman's topper as worn on a paddy field, you know the thing, you have to stop to get a look at the face beneath it. My one hope is that no one will get the idea of dressing our girls up in inverted pyramids, with camels as make up.

Now go back to the beginning of this paragraph and you will probably see, or probably not see the connection.

After all, if we are to get space minded what's the matter with beginning to wear the right kind of hat?

Pleasant memories must always be arranged for in advance.

## The Bible Today

(By Rev. C. R. Rudd)

A wood-bound, war-battered Bible portion of gospel in the Amharic language was brought into the Bible House in Toronto recently. The owner, a World War II veteran had picked it up in the battlefield in Italy. It seems that during the Italian invasion of Ethiopia, where Amharic is the official language, an Italian soldier had stripped a fallen foe of personal belongings, including this copy of the Scriptures, taken it home with him, and lost it on another battlefield in his own country.

This artistic and intricate script is one of more than 60 used in printing the Bible by the Bible Society. The Bible's influence in Ethiopia is very great today. Both the Orthodox Church and the Evangelical Missions are using it extensively, and the Government Schools use it as a basic textbook.

A striking contrast exists between Christian Ethiopia and Muslim Arabia. Both of these neighboring countries, in the sixth century, A.D. had an equal share of Christian activity. Two centuries later Ethiopia had become predominantly Christian, and Arabia wholly Muslim. Archeologists claim the reason for this to be that while by 500 A.D., Ethiopian Christians had the whole Bible in their native tongue, it was not until the eighth century, long after the time of Mohammed, that so much as a Gospel was issued in Arabic.

Today in Ethiopia the ancient way

of life is changing and most notably in the popular demand for secular education. With three times the number of schools there were only ten years ago, every school seat could be filled twice over. And girls are getting their chance of an education as well as boys. At a conference of educationists held in Addis Ababa, His Imperial Majesty said: "The Bible must be taught in our schools, for if we do not teach the Bible what real foundation will our young people have?" Certainly there has been an increasingly urgent demand upon the Bible Society at the Addis Ababa depot for Amharic Bibles for the Government schools.

## What Others Say !

### LITTERERS AT WORK

(Brockville Recorder and Times)  
Once again the "litterbugs" are at work along the highways. Beautiful drives through the Ontario countryside are too often spoiled by the trash and rubbish hurled from passing cars.

### THIS FAST AGE!

(Peterborough Examiner)  
After seven years the Trans-Canada Highway is one-seventh paved. Back in the slow old 'eighties, of course, we built our first trans-continental railway in eleven years.

### SALE OF FIREWORKS

(North Bay Nugget)  
We wonder if it is not time to start thinking about future Victoria Days and the handling of firecrackers by young children.

One thing is certain — the sale of firecrackers to children should be rigidly forbidden, and anyone who disobeys should be fined.

But parents as well as storekeepers have a responsibility in the matter. Once the firecrackers are purchased by an adult, they should be kept entirely out of the hands of children.

### GOUTY TORONTO

(Peterborough Examiner)  
The improbable has happened. A Torontonian has been able to disassociate himself from the woes of expansion and the whoa-we-can't-pay-for-it-ourselves cries. He has stood up and said, in Toronto, that Metropolitan Toronto does not pay enough taxes. We are taking this remark out of its context — which was a battle between 'Metro' and City of Toronto over taxing areas — nevertheless it stands by itself. The speaker was Professor Anthony Adamson, a former Toronto Township reeve. He also said that the Toronto taxpayers refuse to pay for quality in services. Yet, we observe, they want the best in subways, access roads, highway thoroughfares. But they want all of Ontario to pay for them.

Here in Peterborough we have called attention to the underground and overt campaign to induce the Ontario Government (that is, all the taxpayers of the Province) to pay for Toronto's expansion. We have noted instances in which Queen's Park (unfortunately Toronto-bound) has succumbed to these appeals of penury in the midst of plenty. From our detached position we have been able to observe that Toronto is merely gouty it is getting the new tax-paying industries, its citizens are making fortunes in rising values of real estate, it is expanding while other, smaller places pinch along. So let Toronto pay for its profits, and buy the salve for its own gouty members. Its yelps of self-pity should not stir any more compassion in the heart of Premier Frost or the bowels of the Provincial Treasury. What parts of Toronto are not gouty from high living are just suffering indigestion from over-stuffing.

## OF MANY THINGS

(By Ambrose Hills)

### TRUTH PERSISTS

Some years ago the Weekly Newspaper Editors placed a brief before a parliamentary inquiry into broadcasting. It was a "hot" brief, a very straightforward brief.

Its recommendations did not seem to carry the day, however, and presumably the editors were discouraged, or at least disappointed that their warnings were apparently ignored.

But there is something very wonderful about the printed truth. It lives!

The other day, in Winnipeg, an MLA, a Liberal, told the Royal Commission on Broadcasting that it was the editors' brief that had started him studying the subject, and that he had reached the conclusion that the present system needs reform. He refuted the newspaper brief.

Perhaps the Royal Commission will also ignore it when they write their recommendations. If so, I will wager dollars to doughnuts it will come up again, no matter how often it is sat on. Converts are made.

Many people are very fond of CBC because the CBC does some wonderful work. I often listen to CBC and often approve very highly the pro-day control over a means of communication.

grammes they present. But I fear their enormous political power. I was delighted to see that a Liberal MLA had the courage to say that he, too, feared this power. That politicians feared it, and that some of the newspapermen who write about political affairs feared it.

When politicians can exert day to day control over a means of communication, an atmosphere of fear is almost certain to exist.

The CBC should not need the vast power it now has. This political influence could be removed. Mr. Duntou claims that this relationship with the private stations is on a sort of one-big-happy-family basis. Then why does he need power to force them into this relationship?

Following re-decoration of the interior, new windows installed and a handsome carpet laid, a special re-opening service was held in Bethesda United Church on Sunday morning, June 10th and was largely attended.

The service was conducted by Rev. Geo. Teskey. The guest speaker was Mr. Ernest Tummon, of Foxboro, retiring Chairman of Presbytery and a former church member and choir leader of Bethesda. The subject of Mr. Tummon's fine address was "The Holy Spirit."

Special music by the choir with Mrs. R. Haggerty at the piano included "Bless This House," "The Meeting In The Air," and "The Peace That Jesus Gives To Me."

Baskets of lovely flowers were placed in the Church by Mr. and Mrs. Carman Mullett, Mr. and Mrs. Fraser Howes, Kingston, and Mr. Harry Mullett, in loving memory of Mrs. Blanche Mullett.

### St. Paul's Woman's Association

The regular meeting of St. Paul's Woman's Association was held in the Church Parlours with Mrs. Fred Bolte as hostess. Mrs. Percy Utman, president, opened the meeting with the theme song, theme prayer and collect. The minutes of the last meeting and the Treasurer's report were read and approved. Reports of various committees were heard. Mrs. Ed. Warren, delegate to the Belleville Presbytery Convention held on May 24th, gave a very interesting summary of the day's

activities.

Mrs. Leonard Wannamaker was program convener and opened the devotions with a hymn. Scripture lesson and summary were read by Mrs. V. Richardson. Mrs. Clifford Lansing, the speaker for the meeting, chose as her topic, "Little Helps for Daily Living". The talk included many of those "little helps", well illustrated by excerpts from poems and quotations from several well known personalities. Mrs. Lansing said she has formed the habit over the years of saving poems and prose alike which catch her interest, and her scrap-book must be a continual source of joy and inspiration to her and all who share it with her. Mrs. Lansing closed with a quotation we should all keep in our scrap book, be it a real one or just a corner of our minds where we tuck away worthwhile items — "The only things in life we gain are the things we give away".

A lovely duet, "No place Like Home" was sung by Mrs. Robert Hulin and Mrs. Harold West, accompanied by Mrs. H. David. All joined in singing a hymn and repeating the Mizpah Benediction.

Mrs. Wannamaker and the ladies of her group served a lovely lunch and a social half hour was enjoyed by all. Mrs. Arthur Scott moved a vote of thanks to all who had helped make the afternoon so enjoyable.

## West Hastings W.I. Annual Held At Marsh Hill United Church

(By Mrs. Percy MacMullon)

The 55th district annual convention of West Hastings District Women's Institute convened in Marsh Hill United Church on June 6th, with Pine Grove W.I. as the hostess branch.

Representatives were in attendance from the other branches in the district: Bay of Quinte, Uniondale, Wallbridge, Stirling, Chatterton and River Valley.

The church was decorated with baskets of tulips and other spring blooms and a display of books from the loan library, was on the platform.

At 3:45 a.m., Mrs. Louis Rodgers, District President, opened with "The Institute Ode" and "The Mary Stewart Collect" with Mrs. Fred Campbell as pianist.

The registration was in charge of Mrs. Frank Finkle and Mrs. Grace Bartindale.

The President of Pine Grove W.I., Mrs. Allyn Finkle, graciously welcomed the guests as they arrived.

Past President, Mrs. John Reid, introduced the two speakers, the Board Director, Mrs. George Burditt, a member of Uniondale Branch, and the Department speaker, Miss E. Master, a native of Waterloo County. Miss Master specializes in Women's Institute procedures.

### Problems Discussed

Miss Master captivated her audience with her grasp of the many problems that were discussed throughout the day.

Mrs. Harold Phillips, secretary-treasurer, gave a full report of the year's work and presented the financial statement and correspondence. Mrs. E. B. Finkle gave the auditors' report on behalf of herself and Mrs. F. Tucker. A letter was read from Mrs. E. Purcell re nominations for provincial president.

Mrs. Grace Bartindale voiced a welcome to the ladies on behalf of Pine Grove W.I., and Mrs. Don Donohoe, of River Valley branch, graciously replied.

Mrs. L. Rodgers, in her presidential address, said she "was delighted to have such a large attendance at the convention. It was a lovely day in June and the ladies were happy to study and learn more of Institute work."

It was hoped that the deliberations of the day would be profitable to all. The department representative rat-

fied the district directors and all were present as follows: Bay of Quinte, Mrs. John Reid; Chatterton, Mrs. A. Carson; Pine Grove, Mrs. Grace Bartindale; River Valley, Mrs. Ross Bush; Stirling, Mrs. Stanley McMurray; Uniondale, Mrs. M. Grills; Wallbridge, Mrs. E. B. Phillips.

### Branches' Roll Call

The roll call of branches brought out many items of interest. Mrs. Gerald Herrington of Bay of Quinte, stressed the extension service and gave highlights of their branch. Mrs. E. B. Finkle, Chatterton, gave a few remarks urging the full use of the handbook and parliamentary procedure. Keep informed and remember the Institute is an educational organization.

Mrs. E. Foster, Stirling, said their group had entertained five branches in February. They sent bales of good used clothing to the Salvation Army at Belleville and Tweed; had a birthday party for an aged worker and attended the District Extension Service.

Mrs. Roy Bush, River Valley, compared the Institute to a wheel. The tire represents the members, the rim is the conveners, the spokes are directors with goodwill, friendliness and friendship all intermixed and everyone needs to help along with the work.

Mrs. E. B. Phillips, Wallbridge, outlined the help given to local children who needed glasses. This took the place of their annual donation to the blind.

Mrs. Allyn Finkle, Pine Grove, said they sent a delegate to the Guelph conference, one to the Folk school and three to the holiday at Kemptville. They gathered their funds by catering. Each winter they sponsor two or three social evenings for the community and the object is not to make money. A silver collection is taken to defray expenses. She closed with a verse "Success is Failure Inside Out."

Mrs. Gerald Herrington, Uniondale, said their Institute had stressed community singing; they studied the handbook and learned much of proper procedure. They gave Christmas gifts to the Salvation Army. Their demonstrations were exceptionally good and they were using their own members in the programmes.

There was 100 per cent reporting this year all along the line and this was a gratifying part of the meeting.

The report of Mrs. Ross Stickler, R.R. 5, Trenton, was read on "Agriculture and Canadian Industries."

The unique roll calls were: "Name a Canadian Apple" and "Name a Service Made Available by the Department of Agriculture."

A paper on "The Miracle of Plywood" from the tree to the finished product; the development of the aluminium plant in British Columbia, with a film, "The Man With A Thousand Hands." Both were educational.

### Ontario Leads

#### In Minerals

Ontario is Canada's largest gold producing centre and leads in all mineral products.

Hamilton has the largest steel plant of Canada, with the twin cities of Kitchener and Waterloo forming the hub of a cluster of manufacturing towns such as Guelph, Stratford, Preston, Hespeler and London on the Thames. Here everything is produced from locomotives to breakfast foods.

Due to industry expansion, the population has doubled. She referred to Canada's first subway in Toronto in 1955. The aircraft industry, and said: "For over 60 years the factories of Ontario have produced 50 per cent of the manufactured goods of Canada. Color paint has also been a special topic as well as plastic moulding."

One branch took up a detailed study of Ontario. A paper and demonstration on cheese gave a clear, concise picture of cheddar cheese and numerous other brands found in the local grocery.

A synopsis of Canada's abundant food and the scarcity in China, India, Greece and the Far and Middle East, with difficulties of shipping and currency values proved helpful and pointed the way to peace instead of war.

"Today the farmers enjoy a high degree of self-sufficiency. Classes at Guelph O.A.C. are open to all who desire the latest and most modern method in practical and scientific farming. The suggestion was to improve your programmes and remember Agriculture is God's given way of life. The man who follows it can well be proud of his profession."

Mrs. Stan. McMurray, reporting for "Citizenship and Education," said citizenship begins in the family circle, and spreads to province, dominion and the British Empire. We should remember that we are first and foremost citizens of God's Kingdom and as we shall never neglect religious training in our homes. The roll call emphasized, "The need of woman on every school board." The requirements of a good citizen and officers of G.C.W.V., F.W.T.O., and F.W.T.C. "Education Past and Present," is a good topic for discussion.

### Study Handbook

The handbook should be studied at least once yearly; educational systems should be studied and compared with those of former days; parents should be interested in their children, the local school, and their church. They need to help their children to become worthwhile citizens, also to teach them respect, reverence and above all responsibility.

An address on "I am a Canadian," stressed that while Canada is a very

KOSTER AND SON

Not all of Wally Koster's singing is heard by CBC Television viewers; sometimes he croons for the sole benefit of his son, Wally Jr. The little gaffer, we are told, will make his first plunge into the world of singing on June 17th, by way of surprising his pop on Father's Day.

young country, she has made the most of her advantages and has earned the title, "Aldrome of Democracy." She closed with this suggestion, "Forget the deeds of the past and press onward to greater achievements of tomorrow."

Mrs. Gerald Herrington, reporting for "Community Activities and Public Relations," said in part, "What others think of us, will depend largely on what we think of others; a kindly word will brighten the darkest day."

During the year, speakers outlined trips to various important centres, such as British Columbia; a member of parliament spoke on "The United Nations." In a paper on the subject it was stressed that emphasis should be placed on the home.

One Institute reported having a space reserved once weekly in their local newspaper using the Institute crest and inserting an Institute item. Another Institute provides W.I. badges for all members; girls' clubs are receiving assistance all along the line; a hair dresser gave a demonstration at a meeting and donated two free hair stylings; one branch has a link Institute in England with an exchange of magazines. They received lovely individual calendars at Christmas.

The Extension Service, "What Makes a Good Officer?" was well attended. Children's Day is quite popular. There are numerous ideas for Christmas programmes. Gifts were given to the Salvation Army, "The Save the Children Fund" and a large array of other charitable organizations; the local school, the new babies, the sick and shut-ins, the Home for the Aged inmates, and many others received generous gifts during the year.

The suggestions included a better

use of the Extension Service, and more intensive study along the line of public relations. Best of all, the preachers are the men who live their creed, for to see good put into action, is what everybody needs.

### Historical Research

Mrs. Douglas Thompson reporting for "Historical Research and Current Events," said "there were six branches which were compiling Tweedsmuir books. This is a worthwhile project in recording the local history for preservation."

The grandmother's meeting proved popular with contests, photos and spelling match.

The topics included, "The History of a Pin," the work of the Children's Aid Society, and the Shakespearean Festival.

Chatterton W.I. celebrated their 50th anniversary on September 24th, 1955.

The branches gave "Current Events" and their roll calls were of interest.

Mrs. Alex Tanner, reporting for "Home Economics and Health," said "the group had used as roll calls; ways to help a bed-ridden patient pass the time; home remedies; this idea saved money. There were several other roll calls of interest as the members heard papers on "Wonder Drugs," "Health Units," "Food Essentials for Good Health," "The Dr. Salk Polio Vaccine," "Women and their Place in the Home."

It has been said, "A good home is the nearest thing to heaven," and "Many people die from worry rather than work." The club girls received much encouragement. One girl was awarded the silver tray; one Institute furnished reference file boxes for girls and their leaders; one branch sponsored a school nurse and three branches supply the school first aid kits.

The extension course "Sandwiches for all Occasions," was popular. There were demonstrations on making pin cushions, pillow cases, fancy sandwiches, and the convener suggested more demonstrations as most people learn more from seeing a thing done than from reading about it.

The report of Mrs. Ed. Heasman on "Resolutions," was read by Mrs. Will Ashby.

There were no resolutions sent in but the subject had been well studied with a speaker on the subject at one

branch.

The suggestions were to put a little extra thought on your good ideas so they can be passed on to the public or at least discussed at next year's annual.

Miss Jean Frost reported for the one and only Junior Institute and this is in Sidney Township. They had an active year and worked in conjunction with the Junior Farmers. They had three groups and some meetings separate and others in union. They published a paper entitled "Sidney Socialities." They arrange dances to supplement funds; they made a donation to send delegates to ACWW in Ceylon; also donated to "Care," and to local charitable funds. They made dolls at Christmas, and donated money to buy Christmas food for impoverished folk. The boys installed yellow concession signs at each end of the nine Concessions in Sidney Township.

They sent two girls to the Guelph Conference and three to the Ameliasburg camp. This developed public relations, ideas and crafts. The girls also invited a beauty counsellor to a meeting and they devoted a meeting to a religious topic with a Bible quiz. They also studied "Our Sewing Problem." Their entertainment consisted of several parties, all planned by their members. Her suggestion was: "Encourage your children to join the club with its motto 'Home and Country and Self Help and Community Betterment.'"

Miss E. Master in her "Review of Reports," complimented Mrs. Rodgers on visiting all branches during her first year of office. She stressed "the use of your handbook which will keep you on firm ground," and commented on "The School Nurse Idea."

The speaker urged that Institutes use their own members and not to get in outside speakers. "It is your own membership that needs W.I. education and the women learn by doing." She said the "Resolution" report was the best she had heard so far this year. She urged the members to take advantage of the "Loan Library," with so many interesting books available.

A letter of greeting was read from Miss Faye Irwin, Home Economist, who is a bride-to-be.

The Pine Grove ladies served an appetizing box lunch and all enjoyed

## For all your banking...

Did you ever stop to consider all the things a chartered bank can do for you?

It is more than a convenient place to make a deposit, cash a cheque or see about a loan. You can also buy travellers cheques and money orders; rent a safety deposit box; purchase foreign currency; talk over your financial plans or problems. The list goes on and on... and all these services are available at the branch where you do your banking.

A branch bank is, in effect, a service centre and everyone on the staff is there to help you, to look after all your banking courteously, confidentially and well.

## NEWS FOR THE BUSY FARMER

### ANTAGONISM BETWEEN QUEEN BEES

Antagonism between queen bees can be overcome, according to the Apiculture Division of the Canada Department of Agriculture, by the removal of eight or more of the 12 segments of the antennae of each bee. Normally when two virgin or mated queens meet, they invariably fight until one is killed. By removing the number of antennae mentioned, queens can be kept together for several months.

### PASTURING OF MARKET HOGS

"Will there be any saving of feed by raising the market hogs on pasture?" This is a common question of swine producers who already know that it is economical to pasture the brood sows and that less labor would be involved in pasture feeding of their market hogs.

A study was made at the Central Experimental Farm, Canada Department of Agriculture, Ottawa, in which groups of pigs self fed a balanced ration indoors were compared with pigs self fed the same ration on pasture. There was no apparent difference in the amount of grain mixture required in the two methods. Further, while the pigs on pasture required an extra week to reach market weight, there was no noticeable difference in type,

condition, or carcass quality between the pigs fed indoors and on pasture.

From these results it might not pay to use pasture for market hogs where land is valuable and can be used advantageously for the growing of other crops. On the other hand, where pasture is plentiful and barn space is limited, pasture raising of hogs may be the answer. Less labor will be required in pasture feeding, particularly the labor of cleaning out the barns. However, careful attention to the pigs is just as important on pasture as with feeding indoors and a full meal ration is essential for rapid development of the pigs.

### WEED OF THE WEEK

#### HERBICIDES USEFUL IN CONTROLLING WEEDS

"Wishing will make it so" does not apply to the destruction of weeds. The Field Crops Branch of the Ontario Department of Agriculture advises that both work and information of weed control are required if fields and roadsides are to be kept in good condition.

The war on weeds is an unceasing one in which our newest weapon is the use of herbicides for spraying. 2,4-D is still the chemical most widely used as it is selective in action, economical and easily applied. Other members of the same family of chemicals, such as M.C.P. and 2,4,5-T are also in common use for weed control.

These chemicals are used in the form of sodium or adine salts, or as high or low volatile esters. The salts are slower acting, and do not form a gas vapor which may drift away from the area sprayed. Esters are quick acting and more effective on some weeds. Low volatile esters are used more and more because they also do not form a gas vapor which may be carried by the wind to do damage to susceptible crops.

There are about 20 chemicals used for weed control in crops and it is necessary for farm sprayers to keep up-to-date in their use. Every farmer should have the Handbook on Chemical Weed Control (Circular 75) and the Guides to Chemical Weed Control (Circulars 75A, B and C). These may be had for the asking from your Agricultural Representative or the Ontario Department of Agriculture, Parliament Buildings, Toronto.

The Guides contain detailed information on herbicides and spraying recommendations for specific weeds and crops. They also classify the common weeds according to their susceptibility to 2,4-D.

Farm sprayers should remember that herbicides are a useful weapon in the war on weeds. Like any weapon they should be used intelligently and according to directions.

a half hour of friendly conversation.

#### Afternoon Session

Mrs. R. Vanderwater, as song leader, conducted a lively sing-song, which included, "How Do You Do, Mrs. Rodgers," and later a humorous song about "The Crocodile."

Mrs. W. Rombough delighted with

three songs, playing her own guitar accompaniment. This included, "Sleeping at the Foot of the Bed," "My Best to You" and "I Don't Know Why," for which she received a hearty ovation.

Mrs. George Burkitt, Federated Branch Director, gave an outline of all the latest developments at provincial level. In future the department is taking full responsibility for publishing "Home and Country," and it will be mailed direct. She gave some of the changes in the handbook and a committee has been appointed to revise and republish, probably in 1958.

The life member fee is now \$10. You must be a member for 15 consecutive years, and it is only to be awarded for outstanding service to your branch.

The National Convention will be held in Ottawa in October, 1957, at the Chateau Laurier.

There has been \$7,500 contributed for A.C.W.W. Ceylon Fund. Five delegates will go to Ceylon in November, and return to Ontario at Christmas time.

The first Rural Leadership Forum is being planned and the fee will be \$40.00.

There will be a special prize of \$100 for the best essay re, "Littering the Countryside with Trash." The officers conference at Guelph next year and the Kemptville holiday were both outlined.

#### Musical Interlude

At this juncture, 25 children from Marsh Hill School with their teacher, Mrs. John L. Good, and music supervisor, Miss Grace Pitman, sang four lovely selections: "This is God's World," "We are Little Messengers," "Happy are We," and "Welcome to the Month of Roses." They were given an ovation and Mrs. Good voiced thanks to Pine Grove W.I. for all their assistance.

Miss Masters gave an interesting pep talk on "The Value of Extension Services for the Homemakers." The department provides the travelling and living expenses of the lecturers and the courses are available to all the women in the community. She gave a graphic picture of the value of the "Fix and Fit" course, "Children's Clothing," "Millinery," "Loan Library," "Time for Hobby," as well as the cultural activities and the health problems.

She stressed the value of good, planned programmes that were educational.

In closing she quoted several poems, one of which was, "Just be a better You."

#### Officers Elected

She then conducted the election of officers which is as follows: Honorary president, Mrs. John Reid, R.R. 5, Trenton; president, Mrs. Louis Rodgers, 162 Mill St., Stirling, re-elected; 1st vice-president, Mrs. Harry Coulter, Foxboro R.R. 1; 2nd vice-president, Mrs. E. B. Phillips, R.R. 5, Belleville; secretary-treasurer, Mrs. Harold Phillips, R.R. 1, Foxboro; Federation representative, Mrs. George Burkitt, R.R. 2, Frankford; alternate, Mrs. Roy Bush, R.R. 4, Stirling.

#### Standing Committees

Agriculture and Canadian Industries, Mrs. Ross Stickle, R.R. 5, Trenton; Citizenship and Education, Mrs. Fred Campbell, Foxboro, R.R. 1; Community Activities and Public Relations, Mrs. Gerald Herrington, R.R. 2, Frankford; Historical Research and Current Events, Mrs. Morley Phillips, R.R. 2, Belleville; Home Economics and Health, Mrs. Harold Bloor, R.R. 2, Holloway; Resolutions, Mrs. Ed. Heaman, Stirling, R.R. 4; Junior Activities, Miss Thelma Stickle, R.R. 5, Trenton;

District delegate, Mrs. John Reid, R.R. 5, Trenton; Alternate, Mrs. Morley Sine, R.R. 2, Frankford; Auditors, Mrs. E. B. Finkle, R.R. 2, Holloway, and Mrs. Frank Tucker, R.R. 2, Belleville.

In the new business, the "Scholarship Fund" was discussed and an invitation to have next year's annual with Stirling W.I. as hostess group, was accepted.

Mrs. Morley Sine as courtesy convener, expressed thanks to each and everyone for her part in the day's success with a special "thank you" to the trustees of Marsh Hill United Church.

BANK OF MONTREAL'S FIRST VIRTUALLY ALL-GLASS BRANCH BEING OPENED AT DON MILLS

Showcase Banking is literally what residents of the Don Mills Development in Toronto will boast of once the Bank of Montreal's eye-catching glass branch there is completed. The ultra-modern structure, an artist's conception of which is reproduced

above, will be built of glass on three sides. The only opaque wall of the 30' x 60' B of M building will be that housing the steel-and-reinforced concrete vault at the rear, which will be faced with mosaic glass-tile. The

bank's striking architectural appearance, following the design by John B. Parkins Associates, of Toronto, will enhance the all-modern construction called for in the Don Mills Development. It is scheduled to open in August.

### Stirling W.I. Presents Concert

Stirling Women's Institute presented a fine entertainment on Monday evening to a crowd of interested people at the Community Hall.

Mrs. E. Foster, president of the Stirling Women's Institute, ably performed the duties of chairlady for the evening.

All joined in the singing of "The Maple Leaf" with the W.I. pianist, Mrs. Mabel Williams, at the piano. The Hagerman boys from Minto sang, in good voice, "Handful of Sunshine" and "Mansions Over the Hilltop", under the direction of their music teacher, Miss Ruth Mumby, of Stirling.

Showing for the first time in Stirling, The Belleville Hospital Film,

"The Sentinel That Never Sleeps", was presented. This film was indeed an education to all, both young and old.

Those of the Village who failed to see this brilliant picture, missed a lot of worthwhile insights of the work of their local hospital.

A skit, "After the Church Supper", was a laugh from the beginning to end portraying a typical gossip conversation, with Mrs. A. Pyear as coach. Those in the cast were Mrs. Ray Hagerman, Mrs. Jack Armstrong, Mrs. Harry Brooks, Mrs. Helen Neal, Mrs. Archie Bailey and Miss Marion Carlisle.

"The Quinte Harmonizers" gave the audience a real treat in harmonizing, singing, "After Dark", "Cruising in My Model T" and "Making Love".

### REGISTRATION FOR GRADE NINE PUPILS

Registration for prospective Grade 9 pupils will be held at Stirling High School on

Thursday, June 28th

at 1.30 p.m.

All those panning to attend Grade 9 in Stirling School in September next are requested to be present or phone Principal J. L. Good, 389 or 2196, Stirling.

Mabel Williams each gave a solo on piano during the evening. Mrs. E. Carr gave two readings on "The Women's Institute".

A St. Paul's Festival contestant, Miss Sharon Matthews, repeated her number in fine style. Miss Lulubelle Mathews played her violin with masterful skill, playing two selections "The Devil's Dream" and "Irish Washerwoman", accompanied by Mrs. Matthews. The closing number, "Faith, Hope and Charity", was well rendered by Lulubelle Mathews and her brother, Arnold, with Mrs. Wm. Matthews at the piano. It is encouraging to see how well the young folk can present their numbers and how willing they are to give of their talent.

Mrs. Blanche Reid, 1st vice-president of the Stirling W.I., moved a vote of appreciation to one and all for the evening's entertainment.

The Committee in charge was Mrs. E. Foster, Mrs. W. C. West and Mrs. Perry Bronson.

Words of thanks were expressed to those who so willingly assisted in the Concert presented by this Society on Monday evening. A thank you note was sent to Harriet Stevens, commentator for CJBQ, whose untiring efforts were so freely given in broadcasting the event.

Spoons for the girls' work will be discontinued by the branches but will be taken over by the Dept.; also the Home and Country booklet distributed to each branch.

The birthday box was made a little richer this month, it being Mrs. Bronson's birthday.

Two new members were added to the roll at this meeting.

It was emphasized at the district annual by the Dept. speaker that the "Lord's Prayer" be repeated at meetings. The July meeting was discussed. The members and friends were invited to Mrs. M. Williams summer cottage at Marmora for the July meeting in the form of a picnic. The hostess and Mrs. Louis Rodgers will be the Committee to prepare the recreation for the day.

Mrs. Blanche Reid was the afternoon's program convener. Readings were presented as follows: "Testing", Mrs. Reid, "We Are Going To Dine", Mrs. E. Foster and "Spring", Mrs. L. Rodgers.

Mrs. Nora Stapley sang beautifully, "Jesus Lover of My Soul", with accordion accompaniment and by request she played, "The Old Rugged Cross", with Mrs. C. Bell and Mrs. A. Gordanier singing a duet.

The roll call being "Famous Women", Mrs. E. Foster had chosen Mrs. J. E. Houck, of Brampton, in part. She learned that people can be just as sincere, as she, and still have an opinion exactly opposite. Meeting people of diverse faith and cultural pattern was a great lesson in tolerance. "I learned to respect the ways and habits of other people," Canada, Mrs. Houck says, "is in a position to be of great service to the future of the world because we are not hated or feared anywhere in the world."

In closing the meeting, "The Lord's Prayer" was repeated, followed by "The Queen".

An auction took place with the capable auctioneer, Mrs. B. Reid, calling for the highest bid on a splendid array of a variety of articles, including a fresh home made pie. The bidding was keen and the visitors partook of the bargains with much merriment.

A gratifying amount was realized by the society.

A dainty lunch was served by the

hostess and Mrs. Foster, assisted by Mrs. Wright. Sandwiches, pickles, cake and candy with tea, made up a very tasty repast.

Mrs. L. Rodgers graciously voiced appreciation for the afternoon's programme to the hostess and her committee.

Let us show you why **FOX**  
owners seldom lose a forage crop

Fox Forage Harvesters are engineered to harvest all forage crops in a hurry. Rugged construction keeps them on the job—prevents time-wasting breakdowns that might lead to sunburned or rain-leached hay—or even loss of a crop. Many Fox Harvesters have been operating 10 years and longer due to this sturdy construction.

Exclusive safety features prevent damage from stones or other hard objects entering knives. Knives and cutter bar always held true and rigid by heavy one-piece welded steel frame. Field sharpening is quick and simple. 20 lengths of cut available.

Fox can harvest ALL your forage crops. One man, without tools, can change to mow, bar, pick-up or row crop unit in 10 minutes.

## Reports of Increased Membership Heard At Chamber of Commerce

### Merchants Ask That Curb Be Paved — Work On Im- provement Memorial Park

The Board of Directors of the Stirling Chamber of Commerce received a report of increased membership at its regular June meeting on Monday evening. Chamber membership stands at 40 with many more prospective members to be contacted in the near future.

It was pointed out that several persons wished to know just what was done with the \$5.00 membership fee. It was pointed out that over one-third of the Chamber income last year was spent on the Santa Claus parade and the installation of coloured street lights. Other expenditures included representation at Ontario Chamber of Commerce meetings, printing, and development of industrial promotion. Mr. E. D. Ketcheson pointed out that lack of the necessary funds proved to be one of the great differences last year in locating an industry in Stirling.

In connection with Chamber membership the Board appointed a committee to commence work on a printed guide of the goods and services available in Stirling. This guide will eventually be distributed to every household in the district. In order to make such a guide it would be necessary to have the co-operation and support of all places of business.

Other business transacted by the Board of Directors included the consideration of a proposal by the Canadian Chamber of Commerce for the adoption of a Single Alternative Voting method in future federal elections. The Board decided that it was against the adoption of such a system.

In reply to a questionnaire from the Ontario Chamber of Commerce the Board voted in favour of having the Annual Meeting of that body held in late May rather than in early January as has been the case.

A committee of H. E. Cooke and G. B. Noble was formed to see that the Chamber signs at the highway approaches to town were re-erected and restored.

### Ask For Paving of Curb

Following considerable discussion the Board requested that Commerce Chairman R. L. Hatton and G. B. Noble, act as a delegation to Council to seek their co-operation in having the area between the curb and sidewalk on the north sides of Front St. West and Mill Street paved. It was pointed out that the space at present provided an excellent growth of weeds and a catch-all for papers. It was also shown that local merchants would find it easier to keep this area free of papers in the summer and snow in the winter if it were paved.

### Memorial Park Improved

Mr. Fred Houchin reported that through the efforts of the Civic Committee, in co-operation with the local Horticultural Society and Municipal Council, the Memorial Park on Mill Street was being repaired and improved. Mr. Houchin stated that it was the aim of those concerned to improve and beautify this park before the summer ended.

### Opposed To Mail Box

Mr. Houchin also reported that Postal Authorities had indicated they would not favor the installation of a postal box at the local station for late outgoing mail. It was felt that present postal service was quite adequate in that the mail was cleared from the Stirling office three times daily.

The meeting also discussed the forthcoming sewerage vote to be held on July 3rd. It was decided that the Chamber would retain the attitude it adopted some time ago, in that it would do everything in its power to make all the facts and details available and let the ratepayers make up their own minds. A full statement of the Chamber position will appear in the next issue of the News-Argus.

### Enjoy Bus Trip

Some twenty members of Springbrook W.I., along with several members of Rylstone and Wellman's W.I.'s enjoyed a bus trip to Ottawa on Monday. They attended the Garden Party at the Experimental Farm, when Mrs. Alice M. Berry, of Australia, President of the A.C.W.W., was guest speaker.

R. E. FOX

## R. E. Fox Elected Grand Patriarch Ont.

R. E. Fox, of Stirling, was elected Grand Patriarch of the Grand Encampment I.O.O.F., at the annual sessions of the Grand Lodge of Ontario Independent Order of Oddfellows held in Toronto this week.

His election to this high office comes after many years of faithful service to the Order. He became a member of Stirling Lodge No. 239, I.O.O.F. in 1929 and joined Encampment No. 80 in 1932. He took an active part in both lodges and filled various offices in each. In 1943 he was chosen District Deputy Grand Master of Madoc District, I.O.O.F. and in 1944 was District Deputy Grand Patriarch in the Encampment. He is a member of Belleville Canton No. 8 and holds the office of Brigadier General Department of Ontario.

He is also active in the Stirling Rotary Club and Masonic circles, being a Pastmaster of Stirling Lodge No. 69, A.F. & A.M. and Past Principal of Keystone Chapter No. 72, R.A.M.

The installation ceremony held Tuesday night was attended by many from this district, including Mrs. Fox and their five daughters, Mrs. D. Wanamaker, and Mr. Wanamaker, of Peterborough; Mrs. Gerald Taylor, and Mr. Taylor, Harold; Mrs. Bev. Hackett, Belleville; Mrs. Howard McDonald, and Mr. McDonald, Stockdale, and Miss Sally Fox, Stirling.

Others from here in attendance were Mr. Thos. Spry, Miss Gena Spry, Mrs. R. B. Duffin, Mr. and Mrs. Guy Bradshaw, and Messrs Ray Rose, Geo. Carlie, Chas. Carter, Ivan Sine, Ken Ray, David Duffin, Carl Bateman and Bruce Bell.

### At Convention

Miss Rosa Spry of the local Public Utilities office, attended the 5th annual Accounting and Office Administration Conference, Association of Municipal Electrical Utilities of Ontario, held at Gananoque Inn, Gananoque, on Thursday and Friday last. On Friday Miss Spry was given the honour of thanking one of the guest speakers, Mr. A. W. Murdock.

## St. James C.W.L. June Meeting

The June meeting of St. James Church Catholic Women's League was held at the home of Mrs. Bill Long. The meeting opened with the league prayer by Mrs. V. Farrell. The minutes and roll call were given by Alice O'Donnell in the absence of the secretary. The financial report was given by Mrs. R. LaChapelle.

A brief report on the convention was given by the ladies who attended. Mrs. V. Farrell read three thank you letters and also urged as many as possible to try to attend the retreat in Kingston in July. The main business was a bake sale to be held in July and it was also decided that the members would care for the altar linens for the Church. The members are to supply flowers for the altar during the summer months.

Mrs. Jack Doran prepared questions on the Mass and they were answered by the members. Mrs. Farrell will prepare questions for the next meeting.

The meeting adjourned and refreshments were served by the hostess.

## A.Y.P.A. Members Enjoy Slides

The A.Y.P.A. of St. John's Parish met at Frankford on Monday evening. Plans were made for a picnic in the near future. Barbara Woodbeck was elected Secretary, replacing Ron Baker who is moving away. The Rector reported on the Conference in Kingston.

Rev. D. Ellis, of Sugluk, in the Diocese of the Arctic, was present and showed slides of his work there, and the type of country and people. These were very interesting and enjoyed by all.

In the Autumn the meetings will be the first and third Mondays of each month.

## Mr. and Mrs. Milton Bird Observe Their Golden Wedding Anniversary

### Couple Presented With A Chaise Lounge By Commu- nity—Numerous Other Gifts

Mr. and Mrs. Milton Bird observed their fiftieth wedding anniversary on Wednesday, June 20th, at their home at Oak Lake, Stirling, R.R. 4. They were married at the home of the bride's parents in Shannonville by Rev. Wm. Coombes of the Methodist Church.

Mrs. Bird is the former Francis Stickney, daughter of the late Mr. and Mrs. T. F. Stickney, of Shannonville, while Mr. Bird is a son of the late Mr. and Mrs. Francis Bird, and was born where he now lives seventy-four years ago. Mrs. Bird has two sisters, Mrs. Fred Melburn and Miss Sarah Stickney, of Shannonville. Mrs. Clifford Holmes, of Kingston, is a niece and Farley Lindenfield, Stirling, a nephew. Both Mr. and Mrs. Bird are members of Marsh Hill United Church.

Since their marriage Mr. and Mrs. Bird have lived at their present home except from 1922 to 1927, when Mr. Bird, who was injured in an accident, worked as chauffeur for the late Dr. H. H. Alger in Stirling.

Mr. and Mrs. Bird still operate a tourist camp, which they opened at Oak Lake in 1929, and enjoy comparatively good health. The store in connection with the resort is rented out each year.

### Recipients of Gifts

During the day a large number of friends and relatives called to extend best wishes and Mr. and Mrs. Bird were the recipients of numerous congratulatory messages and gifts. A Finkle and Mrs. F. Finkle, while Mr. Bird received a gold signet ring and Mrs. Bird a sum of money and blankets from relatives. The neighbours presented the bride and groom of fifty years with a beautiful anniversary cake.

## Men's Triples Tournament Here

### Belleville Rink Takes Top Honours in the Three-Game Draw—Ten Rinks Compete

Ten rinks competed in the annual Men's Triples Tournament, sponsored by the local Lawn Bowling Club yesterday, with three from Campbellford, one each from Madoc, Belleville, Kingston, Brighton and Colborne and two from Stirling.

Keen bowling was enjoyed and three 15-end games were completed.

High honours for the day went to W. T. Elliott, skip, Frank Jeffrey and Bruce Miller, of Belleville, with three wins and a score of 51; second prize went to Morley Gault's rink, of Kingston, with two wins and a score of 65, and the prize for one win was taken by F. R. Mallory, skip, R. A. Patterson and Earl Eggleston.

President C. A. Wells welcomed the bowlers and distributed the prizes.

The ladies of the Stirling Club served dinner at six o'clock.

## Central Hastings Ministerial Assoc'n.

The June meeting of the Central Hastings Ministerial Association was held on Monday in St. John's Church, Stirling. President, Rev. H. C. Secker, conducted the devotions and presided at the business session. Owing to the time of year there were only a few members present. A general discussion was held on the subjects which had been studied during the year: The Church and its Authority, its Discipline and its Fellowship.

Plans for next Autumn were made. The September meeting will be held at Bethel United Church, and a special speaker will deal with the Mofra Watershed on Conservation.

Tea was served at the Rectory by Mrs. Secker, assisted by Mrs. Wm. Giovetti and Miss Cecilia Heslip.

## Horticultural Convention

Several members of the Stirling Horticultural Society attended District No. 3 Convention held at the Ontario Hospital, Kingston, on Saturday, June 16th.

## Mrs. John Hay Hostess To Mount Pleasant W.M.S.

Twenty members and one visitor attended the June meeting of Mount Pleasant Woman's Missionary Society on Wednesday at the home of Mrs. John Hay.

Music was provided by Mrs. Herbert Smith with Mrs. Francis Wrightman's record player.

The service opened with "The Ninety and Nine," and Mrs. Milford Wrightman read a poem, "Beauty Is God's Handwriting." The President offered prayer for the Missionary. The

offering was dedicated by Mrs. John Holmes.

The Treasurer reported over \$16.00 for May.

Mrs. W. G. Fletcher, Stewardship Secretary, gave a message on "The Stewardship of Talents."

Articles for the sale were handed in and the supply parcel will be packed on Thursday.

Mrs. Will Potts recorded a large number of calls in home and hospital.

### Mission Work

Mrs. Ross Jeffs read an article written by Cora N. Wovil which gave a graphic picture of the "All People's Mission Work" in Windsor. This Missionary received the slips from the immigration officer in Montreal of all the people coming to Windsor, and she is busy helping these people to adjust to their new surroundings.

The President read an article re "King Alcohol," from a booklet entitled, "The Shepherd's Psalm."

In the business period the Literature Secretary read a letter re "Missionaries' Reporting," and the President read messages re "School for Leaders" and a course at Five Oaks.

At the July meeting, the Mission Band and Baby Band will provide the programme and the W.M.S. will serve refreshments.

Thanks were tendered to the hostess for hospitality.

Mrs. Percy MacMullen synopsized the last two chapters of "The Church Greets the Immigrant." The book is in four chapters and she reviewed the two chapters which she had previously given at the October and March meetings.

Over one million people have entered Canada since World War II and the Church is meeting the immigrants at port of entry and helping them to adjust to conditions in the new land.

The third chapter is entitled, "Nat Strangers, But Fellow Citizens," and it pictured the utter loneliness of these non-Anglo-Saxon folk during their first months in Canada. The customs, language and living con-

ditions are so different from their homeland, accordingly the United Church of Canada tries to provide friendship for these people and make them feel at home in Canada.

In the cities, "The Church of All Nations," or "All People's Churches," have as their aim the experience of the great Missionary Paul, when he wrote, "So then you are no longer strangers and sojourners, but fellow citizens with the Saints and members of the Household of God."

In Hamilton, three Churches have amalgamated as "All People's United Churches." The Italian Church began 47 years ago. The "All People's Church" serves people from 12 different backgrounds and St. Christopher's Church began 27 years ago to serve the industrial area. The chapter is filled with interesting items re the work carried on in that city.

### Great Need For Workers

There is a great need for workers and spirit calls, "Whom Shall Weed?" The closing chapters graphically pictured "The Immigrant in the Local Church." It gave several examples which revealed the need and value of an understanding ministry to those from other lands who seek to build their future in a Canadian community.

The United Church of Canada seems to have a greater number and variety of groups within the Church than do most other denominations.

"The good-neighbour" policy has proven to be the best, and special mention was made of a Scottish born woman who did a great deal to help the Scotch families when they came to Timmins, Ontario.

Church members must persistently hunt up newcomers and invite them to participate in the local Church. These people need friendship, and above all, they need good neighbours.

"What a Friend We Have in Jesus," was played on the record player.

The programme was arranged by Mrs. Frank Jeffs who summarized a number of important items from the six issues of the Missionary Monthly. Pictures of Missionaries were passed around so all could see them at their various duties.

### Devotional

The devotional was on the theme, "Candles that goeth not out," based on the last chapter of Proverbs. The Bible lesson and meditation was read by Mrs. Roy Thrasher. This pictured God's business with candles glowing for home and foreign missionary work and closed with a special prayer in gratitude for the beauty of trees, shrubs, flowers, green grass, etc.

Mrs. Eric Summers sang with guitar accompaniment, "The Mansion Over the Hill-top."

## AFTER ALL BILLS ARE PAID

IN BUSINESS when all bills are paid at the end of the year, what is left (after taxes) is profit. Profit provides the money from which dividends to shareholders or owners are paid.

Any enterprise that year after year disburses all of its profits in dividends is headed for financial trouble. Prudence dictates that a portion of each year's profits be retained and used in the business.

These retained earnings enable a business to pay at least a part of the cost of the constant need for better equipment and additional capacity.

Profits are necessary for business growth. And business growth creates more jobs. Thus profits retained in a growing business benefit employees, shareholders and customers.

**Banns**

The Banns of marriage were published on Sunday, June 17th at St. Paul's for the wedding of Eleanor Eulalie Wells, of Stirling, and Roy Wilfred Franks, of Cobourg, to take place on Saturday, June 23rd, in St. Paul's.

Also for Patricia Evelyn Bruce, of Stirling, and Ronald Herbert Hadley, Rawdon Township, to take place on Saturday, June 23rd, in St. Paul's.

**Dedication of Plate**

On Sunday, June 24th, new plate for the Holy Table will be dedicated. This includes four serving plates with trays sufficient for 200 communicants. Holy Communion will be observed at this service.

**Carmel**

On Sunday next the Sacrament of Holy Communion at 2.45 p.m.

As from Sunday, July 1st, the service at Carmel will be at 9.45 a.m. through the months of July and August. On Monday, July 2nd, the Sunday School outing and treat will be held.

A very splendid service was rendered recently by a few of our Carmel friends at the cemetery, which now looks tidy and cared for. I understand that this work was done by Mr. "Tim" Bailey, Mr. Ernest Carlisle, Mr. Harry Hagerman, Mr. Lorne Brooks and Mr. Archie Bailey.

**Adolphstown**

What a few months ago was fast becoming a wilderness, the old cemetery falling into decay, head stones down and in a general state of reproach to the Nation, has now become a place of reverence and beauty.

We attended the Dedication Service on Saturday last and witnessed the grand job of work done by members of the United Empire Loyalists. The cemetery has been circled by an iron railing, grave stones collected and built into a memorial wall, entrance gates erected with splendid pillars on either side and the ground round about prepared for the fall planting of shrubs and flowers.

We understand that about 55 acres of ground is to become a National Shrine.

This place should be visited in days to come it will be a centre of interest and delight.

**A Find**

Recently in Dr. Cornet's house, there was discovered a link with the long past. It appears that in what was at one time the "butler's parlour" a door leading out of it opened into a small room in which was stored household goods. A fitted-in flour bin was found and for some reason Mrs. Cornet thought to explore. On removing the bin she found a stone slab on which the following was engraved: "James Faulkner, 1857."

**Sunday Service**

On Sunday morning Mrs. Henry McColl and her daughters enriched our service in singing a trio and a duet. It was good to have these Stars of the Festival with us.

Mrs. Packman, who had been appointed representative to Conference in the place of Mr. Clare West, who was at the time unable to attend, gave a report on the general business conducted there.

**The Welfare State**

It is sometimes supposed that the creation of the Welfare State in

Britain, that is, a state of affairs in which everyone pays a set sum each week for National Insurance, tends towards the destruction of Voluntary Service and charitable institutions. A recent report tells us that there are 11,000 and more such organizations operating in Britain at this moment.

**Tail Piece**

A very dignified lady encountering a very dirty little girl remarked, "Child, you are pretty dirty, aren't you?"

"Yes I am," replied the girl, "and I'm even prettier clean."

**Case — Heath Nuptials At Bonarlaw**

St. Mark's Anglican Church, Bonarlaw, was the scene of a pretty wedding recently, when Miss Helen Grace Heath, daughter of Mr. and Mrs. Everett Heath, of Campbellford, became the bride of Mr. Donald Cecil Case, son of Mr. and Mrs. Benjamin Case, Kingston. White and yellow shasta mums and white snapdragons decorated the church for the occasion. The ceremony was performed by Canon J. Brownlie. Mrs. Frost, of Marmora, played the traditional wedding music, and Mrs. James Heath, of Marmora, was soloist.

Miss Heath was attended by Mrs. Eldon Smith, of Kingston, sister of the groom, as matron of honour; Miss Dawn Dixon, of Toronto, as bridesmaid, and Miss Jerrie Anne Heath, of Rochester, N.Y., niece of the bride, as flower girl.

Mr. Eldon Smith, of Kingston, was best man, and the ushers were Mr. John Megaffin, of Kingston, and Mr. Cecil (Bud) Heath, of the U.S.A.F., Texas.

The bride took her vows in a gown of white organza over taffeta with a cathedral train. The bodice featured a pleated scooped neckline and short puffed sleeves. A bustle formed interest in the back of the gown. A fingertip veil of tulle illusion fell from a tiara of seed pearls, and she carried yellow rosettes and lily of the valley.

on a white prayer book. Her father gave her in marriage.

The attendants wore waltz-length gowns of yellow organza over taffeta with scooped necklines and puffed sleeves. The senior attendants wore large white hats of eyelet, and the flower girl's headdress was a crescent of field daisies, matching the flowers she carried in her basket. The other two carried crescents of field daisies and trailing ivy.

A reception was held in the L.O.L. Hall, Springbrook, Ont. Mrs. Heath received the guests wearing a dress of navy and white silk with a short jacket and navy and white accessories. Her corsage was of white carnations. Mrs. Case assisted her, wearing a dress of pure silk cafe au lait with natural colored accessories and a corsage of Tailsman roses.

The couple left for a honeymoon in the Laurentians and Lake Placid. For travelling the bride chose a natural colored linen sheath, picture hat, natural accessories and a corsage of yellow roses. On their return Mr. and Mrs. Case will reside at Ravensview, Kingston.

Out-of-town guests attending the wedding were from Montreal, Tarrytown, N.Y., Watertown, N.Y., Gananoque, Kingston, Trenton, Toronto and Ottawa. The bride's nine brothers were also present at the wedding, coming from Belleville, Wilton, Rochester, Orillia, Marmora, and Texas.

**Hike In Freight Rates**

The Board of Transport Commissioners have authorized the railways to increase freight rates by seven per cent July 3rd and October 31st.

The increase, which may yield the railways between \$7,000,000 and \$8,000,000 in the four months, is an interim measure pending fuller Board consideration of an application by the companies for a general 15-per cent boost.

The railways have sought the higher rates to offset recent contract concessions to 150,000 non-operating employees.

**Entered Into Rest****JOHN A. MONTGOMERY**

John Allen Montgomery, of Dundonald (and a former resident of Mount Pleasant, Rawdon), died on Friday evening, June 15th, at the home of his son-in-law and daughter, Mr. and Mrs. Lloyd Cable, 17 Havelock St., Cobourg. He was fifty-seven years of age and his death followed a lengthy illness.

He was the eldest son of Edward Montgomery, Foxboro, and the late Mrs. Montgomery, of Mount Pleasant. He leaves to mourn, his widow, the former Grace McDonald; two sons,

James, of Claremont, Ontario, and Carl, of Dundonald, Ontario; three daughters, Mrs. Lloyd (Naomi) Cable, Cobourg; Mrs. Robert (Eva) Hadwen, Dundonald, Ontario; Mrs. Stanley (Verna) Hadwen, Brighton; and one step son, Norman Alyes, Dundonald; also fourteen grandchildren. One sister, Mrs. Percy MacMullen, R.R. 3, Stirling; two brothers George, of Frankford, and William, of Stirling.

The funeral was held on Tuesday afternoon, June 19th, in the Bowed Funeral Home Cobourg, with interment in Cobourg Cemetery under the auspices of Little Lake L.O.L. No. 620, where he had served as County Master previous to his illness.

**The Many-Splendored Thing...**

Splendor is everywhere in Oldsmobile.

There's the splendor of distinctive Starfire styling—fresh, dignified, but so alive. There's the splendor of rich, custom-tailored interiors—luxurious, gracious and so comfortable. And there's the splendor of mighty power, tamed to go quietly about its task of producing swift, smooth motion.

And this Oldsmobile splendor is not a sometime thing. From the

moment you proudly take possession until that distant day when you decide to trade it in on an even more exciting Olds of the future, you'll keep discovering new splendors in this unusual car. And you'll keep reflecting all the while how wise you were in 1956 to step up from the ordinary into an Oldsmobile.

## FORD 250 HAY BALERS

Now you don't have to be a big hay grower in order to make an automatic hay baler pay for itself on your farm. The Ford 250 Hay Baler can be a profitable investment for the man who has smaller acreages of hay. Low first cost, together with low operating and maintenance costs make this baler practical on many farms that have previously not baled their hay or had to rely on the availability of a custom operator.

GOOD CAPACITY — DEPENDABLE

With this baler you can bale up to 7 tons of hay per hour, or 4 bales per minute. Operation is easy and dependable, and sturdy construction means long life and low upkeep cost.

## Rylstone

North Hastings  
Women's Institute  
Annual Meeting

The population of Petherick's Corners rose quickly on Tuesday, June 21st, when the Women's Institute members from all the North Hastings District met at Zion United Church for the 43rd Annual Meeting. With the Rylstone members there were well over 150 present.

The Church newly decorated this spring, looked lovely for the occasion and baskets of lilacs, tulips, apple blossoms and ferns decorated the altar and windows.

Mrs. Ernest Irwin and Mrs. Ellis Jones were at the door to register the ladies as they came and the Church was filled to overflowing. Mrs. Kenneth Nicol, of Madoc, District President, was in charge of the meeting. With her on the platform was Mrs. Carl Linn, District Secretary-Treasurer; Mrs. George Burditt, Representative of the Federated Institute Board, and Miss E. Master, Representative from the Department of Women's Institute Branch and Home Economics Service, Toronto.

The programme opened with the Institute Ode, with Mrs. Ellis Jones at the piano, followed by the Mary Stewart Collect. The address of welcome was given by Mrs. Ernest Irwin

and Mrs. Percy Gray, Marmora, made the reply. The minutes of last year's meeting at Wellman's Corners, was given by Mrs. Carl Linn, Secretary-Treasurer. The Financial report and Auditor's report, was given by Mrs. Douglas Clancy, Wellman's Corners.

The President's report was presented by Mrs. Kenneth Nicol, Madoc. Reports from the Standing Committees resulted as follows: Agriculture and Canadian Industries, Mrs. Charles Gordanier, Bonarlaw; Citizenship and Education, Mrs. E. T. Naylor, Madoc; Community Activities and Public Relations, Mrs. Kenneth Bateman, of Eldorado; Historical Research and Current Events, Mrs. William Woodcox, L'Amable; Home Economics and Health, Miss Jane Gay, Ivanhoe; Resolutions, Mrs. Myrtle McWhirter, Fort Stewart; Jr. Institute, Miss Patricia Moore.

A discussion on the reports was led by Miss E. Master, Representative from Department of Women's Institute Branch and Home Economics Service, Toronto.

A vocal solo was rendered by Mrs. John, Horsepool, Paudash, "My Task," accompanied at the piano by Mrs. F. Bailey, of Cooper. An address was given by Mrs. George Burditt, of the Federated Institute Board.

Dinner was served by the Rylstone Women's Institute Branch in Sentinel Orange Hall. Community singing was

enjoyed with Mrs. Fred Bailey, of Cooper, at the piano.

A memorial service for deceased members during the year was held. They are Mrs. Lindsay Mumby and Mrs. Murray McInroy, Bonarlaw; Mrs. Ambrose Wright, Ivanhoe; Mrs. S. Rollins and Mrs. E. Phillips, Madoc, and Mrs. M. Kouri, Marmora.

Roll call, "Ideas to Increase Our Membership," was answered for Rylstone by Mrs. W. Spencer. Counting of attendance by the various Branches showed Paudash first with 60% of all its membership in attendance, and was the most distant Branch attending. The prize, a brief case, donated by the District, was accepted by Mrs. Kelly, of Paudash. Cooper Branch also had 60% of their membership in attendance but lost in the draw.

Miss E. Master led a discussion on "Extension Services for the Home-maker." A solo, "Smilin' Through," was rendered by Mrs. Franks, Hart's Riggs Branch, accompanied by Mrs. Fred Bailey, Cooper.

A letter was read from Miss Faye Irvine, former Home Economist. Highlights of the Guelph Conference was given by Mrs. E. V. Lewis, of Queensboro. The Question Box, which consisted of one question from each Branch, was conducted by Mrs. Geo. Burditt and Miss E. Master.

### Officers Elected

Mrs. Carl Linn was chosen secretary

for the election of officers which resulted as follows:

President — Mrs. Kenneth Nicol, of Madoc

1st Vice-President — Mrs. Ernest Irwin, Rylstone Branch, Campbellford R.R. 2

2nd Vice-President — Mrs. Clayton Blackburn

Secretary-Treasurer — Mrs. Carl Linn, Rylstone Branch, Bonarlaw R.R. 1

Federation Representative — Mrs. W. J. Barlow, Bonarlaw

Alternate — Mrs. Chas. Stewart, Rylstone Branch, Campbellford R.R. 2

Auditors — Mrs. Arthur Reid, Springbrook, and Mrs. Doug Clancy, Wellman's Branch, Harold

District Delegate — Mrs. John Horsepool, Paudash

Alternate — Mrs. Carl Linn, Rylstone Branch, Bonarlaw R.R. 1

The District will hold their Annual Meeting in 1957 at Cooper.

The meeting closed with the singing of God Save The Queen.

## St. Paul's W.M.S. Monthly Meeting

The Sunday School rooms of St. Paul's United Church were delightfully cool on a warm June 12th, at the Woman's Missionary Society met for the regular meeting. A silver bowl of sweet rocket and lily-of-the-valley, flanked by Candles graced the lace covered table at the front. Mrs. K. P. Mayhew pinned corsages on the members as she greeted them at the door. These fragrant and dainty flowers had been the gift of Mrs. W. Warren.

Mrs. Robt. Hullin at the piano played softly an old Missionary favourite, "Into A Tent Where A Gipsy Boy Lay."

The President, Mrs. G. Carlisle, opened the meeting with a very suitable poem, "The Greatness of God," followed by prayer. The theme of the meeting was "Co-Operation," especially in working with our younger groups.

Mrs. W. Warren, convener of the programme, called on Mrs. H. West for a solo, "O Rest In The Lord," by Mendelssohn.

Mrs. A. Packman read and spoke on the Scripture Passage, John 5: 24-47. We have two choices in life. Will we reap everlasting life or will we reap damnation? Have we the love of God in our hearts? How can we test ourselves? We will truly have love in our hearts toward one another. Mrs.

THURSDAY, JUNE 21st, 1956

Packman concluded with a poem by Charles Kingsley, and prayer.

Mrs. W. Wilkins reported that she and her assistant, Mrs. H. West, have an enrollment of 62 in the Baby Band, but this also included Cradle Roll members. The members are given a member's card, a gift box and a story about the gift box children. Pictures were shown of a Japanese mother and child, an Indian mother and child, etc.

The aid of the Baby Band is to educate mothers to help teach little tots about Missionary work.

Mrs. J. McCaughen stated that she and her assistant, Mrs. Mayhew, aim to teach the 71 members of the Mission Band that God is a loving Father of all people. They hope to teach the children to think of others, to become Church members and potential leaders in Church work.

Mrs. Hession and Mrs. Warren sang a lovely duet, "Come Holy Spirit."

Mrs. Wilkins showed coloured slides of the "United Church In Action," at Bella Coola, B.C. Pictures were shown of the beautiful coastline and mountains in the background and of the picturesque people and their occupations, making boats, salmon fishing, logging and farming. Mrs. Wilkins told of the history of this Bella Coola River where the explorer McKenzie first reached the Pacific, until the present day with Churches, schools and hospital and the work done by the United Church for the Indians.

The hymn, "Thou Whose Almighty Word," closed this part of the meeting.

The Treasurer, Mrs. W. Brown, reported \$21.91 for May and \$55.98 on hand. The visiting committee reported 13 house calls and 4 hospital calls.

Mrs. E. Eggleton paid tribute to the splendid leadership of the Mission Band and Baby Band of St. Paul's. She read a letter from Miss Muriel Stevenson, of Neenach, India. She also gave a rhyme on how to overcome our deficit by talent money. May we suggest that she give it again sometime.

Miss D. Caldwell gave a detailed report of the supply work, telling of the quilts, blankets, layettes and garments already sent and of the quilts started. There is \$42.00 in the bank to start in September.

Mrs. Carlisle announced the School for Leaders at the Whitty Ladies' College, August 20 to 24th. The meeting closed with the Mizpah Benediction.

Mrs. Warren and her committee served tea and delicious cookies.

Mrs. V. Richardson thanked Mrs. Warren and her committee for a splendid programme and lunch and also thanked the Baby Band leaders and Mission Band leaders for their co-operation.

## NEWS FOR THE BUSY FARMER

### WEED OF THE WEEK

#### FIELD BINDWEED PROHIBITED UNDER ACT

Like many weeds, Field Bindweed, or small-flowered morning glory, is an immigrant from Europe. It is classified as a prohibited noxious weed under the Canada Seeds Act, which means that no seed of any kind can be legally offered for sale if it contains even one seed of Bindweed.

The Field Crops Branch of the Ontario Department of Agriculture advised that because it is a perennial with a very extensive and deep creeping root system it is not only one of the most persistent but also one of the hardest weeds to kill. Without support from other plants the stems of Field Bindweed will form a dense mat on the ground or twine in a counter clockwise direction around

other plants. The twining stems are known to grow ten feet in length.

The leaves vary in size and shape but are somewhat arrow shaped, with smooth edges. Flowers appear from June to September, are morning-glory shaped, one inch or less across. En masse the flowers provide some beauty to the nature lover but strike fear to the heart of the farmer. The seeds are at least an eighth of an inch in length, grey-brown in color, pear shaped and are produced in pods with one to four seeds per pod.

The great difficulty in controlling Field Bindweed is the tremendous underground root system. The weed spreads by both seed and roots, and if not controlled will choke out all cultivated plants. Complete eradication is possible and has been done on some farms, but the process takes time, patience, vigilance and hard work.

Control consists of a combination of frequent cultivation, the use of well cared for crops and successive applications of 2,4-D. Heavily infested patches may have to be taken out of cultivation for a year or two and treated with soil sterilants such as sodium chlorate or Alticide.

Literature on the control of Bindweed can be secured from your Agricultural Representative. Ask for Circular 206.

#### INCOME AND MACHINERY ON DAIRY FARMS

Recent studies of twenty Illustration Station farms in Ontario and Quebec indicate that farms with the highest earnings used proportionately more machinery in combination with available labour. Consequently fewer men were able to handle more milk cows.

Net income per crop acre on the ten farms with the highest income averaged \$30.00 per acre compared with \$14.00 per acre on the remaining ten farms in the group. Each man working on the top ten farms had an advantage of \$560.00 worth of machinery at his disposal over those employed on the less efficient dairy farms. With this available equipment, one man on the higher income farms was capable of handling 12 milk cows compared with ten milk cows per man in the lower group.

The ten Station farms with the highest income maintained equipment worth on the average \$7,815.00 per farm. Average tractor use per year amounted to 790 hours per farm or 525 hours per tractor. Motor vehicle mileage averaged 5,500 miles per vehicle per year.

#### ANNUAL POULTRY CONFERENCE AT THE ONT. AGRICULTURAL COLLEGE

Poultrymen throughout the province are looking forward to the 29th Annual Poultry Conference which will be held at the Ontario Agricultural College, Guelph, on July 3rd to 6th, 1956. The programme will include a poultry breeders' school in Graham Hall, on Tuesday, July 3rd, when speakers from Ottawa and the Ontario Agricultural College will speak on the latest breeding trends and techniques.

The following sessions on Wednesday and Thursday will consist of addresses and discussions on nutrition, egg production, turkeys, and broilers. Special speakers will include W. A. Aho, University of Connecticut, Storrs, Conn.; Dr. W. J. Stadelman, Purdue University; and other authorities.

One of the features of the Conference will be a broiler barbecue on the Poultry Campus on Wednesday evening, July 4th. The Ontario Poultry Industry Committee will meet during the Conference.

Complete details are obtainable from the Poultry Department, Ontario Agricultural College.

#### TO HOLD FORUMS TO TRAIN WOMEN FALL FAIR JUDGES

Designed to train women in the art of judging at Fall Fairs throughout the Province, two forums for prospective judges are to be held by the Home Economics Service of Ontario Department of Agriculture Extension Branch in co-operation with the Women's Division of the Ontario Association of Agricultural Societies; it has been announced.

The forums will be held at the Ontario Agricultural College, Guelph, July 10th, 11th and 12th and at the Kemptonville Agricultural School, July 31st to August 2nd.

Under the direction of Miss Audrey Spencer, subjects to be discussed will include clothing, foods and handicrafts. It is hoped that those attending the courses will be available as judges during the fair season.

As the number that can be accommo-

dated is limited, applications for the course should be sent in as speedily as possible to the Agricultural Societies Branch, Ontario Department of Agriculture, Parliament Buildings, Toronto.

### Holstein Breeders Field Day

The Picnic and Field Day held on Saturday under the auspices of the Northumberland Holstein Breeders' Association, was very successful, with fine weather for the occasion. The forenoon was spent in judging cattle on Mr. Aylmer Petherick's farm.

At noon the plans to go to Crowe River for dinner was changed to meet at the Orange Hall, which was filled to capacity and an overflow filled the Sunday School hall as well.

Mr. Aylmer Petherick, President of the Association, was chairman for the programme which was held in the hall. Short addresses were given by Mr. Bamby, Hon. W. Goodfellow, M.L.A., acting Minister of Agriculture for Ontario, Dr. F. Robertson, M.P. of Ottawa, Hector Arnold, President of Ontario Cheese Producers, Everett Brown, Fieldman, Harold McCaul, Director, Napanee, Rev. G. Whitehouse, C. H. Honey and Lindsay Anderson.

The special guest speaker for the day was Dr. J. M. McLean, of the Quinte Cattle Unit.

Following the programme the winners of the judging competition were awarded prizes, followed by races for the children and other contests, such as oldest person present, largest family present, etc, which brought a pleasant day to a close.

deed to those prospective new Canadians.

### Springbrook W.A.

The regular monthly meeting of Springbrook United Church Woman's Association was held at the home of Mrs. Edward Huff, Bonarlaw, on Thursday, June 7th, with a record attendance of members and visitors.

President, Mrs. Clayton Burditt, presided and the meeting opened with the singing of the theme song and repeating the theme hymn, followed by the W.A. prayer.

The devotional service was taken by Mrs. Burton Bateman, the theme being, "Social Consciousness." The Scripture reading, taken from Romans 2:1-16, was given by Mrs. Carman Sine. Psalm 112 was read responsively. Others taking part in the devotion included Mrs. F. Cosbey and Mrs. D. Fleming.

The roll call, "a sentence prayer," was well responded to by 38 members. The minutes of the last meeting were read and approved. The business of the meeting followed consisting of correspondence read and dealt with. Reports were given from the Fruit and the Flower Committee. It was decided to hold a lawn social in the near future

with the date to be set by the committee in charge.

The Church Decorating Committee reported on visiting local Churches in regard to colour scheme and designs, with final arrangements to be completed at the July meeting. Mrs. Geo. Thompson reported for the Parsonage Committee. Mrs. Percy Mumby and Mrs. Murney Mason gave their reports as delegates to the W. A. Convention held in Tabernacle United Church, Belleville, on May 24th.

**Programme**  
A well prepared topic on "God's Will" was given by Mrs. Wallace McIntyre. Readings were given by Mrs. Percy Bateman and Mrs. Elias Spry. Mrs. Carman Sine expressed a vote of thanks on behalf of the ladies to Mrs. Ken Huff, acting hostess in the absence of Mrs. E. Huff.

The meeting closed with the Mizpah Benediction. The hostess and her assistants served a dainty lunch. Collection for the day was \$5.24. The July meeting will be held at the home of Mrs. Bert McCoy, Bonarlaw.

The President read a message re Mrs. Norm Shipley and her research work re Anna Gaudin. Nearly 3,000 copies of "Anna and the Indians" have been sold across Canada. Mrs. Shipley is busy now with research on another missionary family.

Mrs. James Hoard read "The Church in the Midst," by Ida MacKenzie. This was an interesting account of the new housing in the Regent Park district of Toronto.

The missionary programme closed with the record soloist singing "In the Sweet Bye and Bye," and a special prayer for guidance.

The hostess served light refreshments and the group enjoyed a short fellowship hour.

### Telephone Round-up

Every parent knows how easily a two-gun cowboy can lose track of time—especially around mealtime.

But she also knows it's a simple matter to round him up by telephone. And any vague feeling of anxiety about where he is or what he is doing is quickly dispelled by that eager voice at the other end of the line.

Yes, the telephone is a convenience and a comfort, all day long. It means fewer meals grown cold because youngsters or husband are late getting home. It means more security when you're alone at night. It means more things done with less time and effort... Yet this endlessly useful servant works for you for just a few cents a day.

Something new in fire truck colors will be introduced by the town of Deseronto this month when that municipality accepts delivery of a new fire pumper.

Instead of the conventional bright fire-red, the new pumper will be ultra modern and will sport a two-tone red and white effect.

"It will be the first two-tone fire truck in Canada," Deseronto Reeve Dr. D. C. McVicker claims.

### The Bible Today

(By Rev. C. R. Rudd)

"I assure you that, even if you knew my beliefs and principles, never could you have given a gift more successful."

So wrote a young Greek immigrant to Canada recently. The letter was an expression of gratitude for the gift of a copy of Holy Scripture in his mother's tongue. Here are his own words, "I thank you for your welcome wished on my arrival and for your kind and useful gift, but you understand what it means for a man to find himself a stranger in a strange country." — "Really Sir, you can never imagine my surprise when my eyes fell upon the two little books, in my very first hours of arrival at the station of Halifax. I assure you that the Gospel you gave me keeps me company, gives me power and resistance, revives me when reading a passage of it before I go to bed." This is a translation of a letter written in Greek.

The Bible Society through the Church Port workers supplies Gospels in the mother tongue to all new-comers to Canada. In recent years the Society has provided free 1,543,127 copies of the Scriptures to new-comers to Canada. A pleasant surprise in-

### MODERN MECHANIZATION SOLVES FARM LABOUR PROBLEMS

With more and more ease of handling and work-capacity being engineered into modern machines, farmers are being relieved of much of the worry and expense incurred through the scarcity and high cost of experienced farm help. And there is such a wide range of sizes and styles of tractors and implements and tools that today every farmer can avail himself of the advantages of modern mechanization.

The wise and practical use of up-to-date machinery is a most important part of today's farm operations. In the 1956 Massey-Harris and Ferguson lines are tractors and implements engineered to promote the efficiency of farming—your local dealer will be glad to give you full particulars.

### Zion W.A. Pethericks

Sentinel Orange Hall was well filled on Wednesday afternoon when Zion Women's Association was hostess to the ladies from the neighbouring Churches. Beautiful baskets of flowers made the hall very attractive on a very warm day.

President, Mrs. Carolyn Wright, opened the programme with words of welcome to the visitors. Hymn, "Breathe On Me Breath of God," was sung, followed with prayer by Rev. G. Whitehouse. The Scripture Lesson, 1st Corinthians, chapter 13, was read by Mrs. Douglas Ingram. A solo was rendered by Mrs. Ross Hart. Readings were given by Mrs. Annie Dutton, Mrs. Ray Stewart and Mrs. Clayton Thompson. A piano solo was rendered by Miss Mary E. Stephens. Mrs. Frank Sager gave a solo. An accordion solo was rendered by Mrs. Harold Linn and a piano duet by Mrs. Walter Brunton and Mrs. Aylmer Petherick.

Mrs. Fred Barnum introduced the guest speaker, Mrs. Roy Bush, of River Valley. The subject of her address was "Women, their challenge and task in the word today." Her talk was most interesting and inspiring.

A warm expression of thanks was given to Mrs. Bush by Mrs. Ernest Irwin. The singing of the hymn, "Come Let Us Sing of a Wonderful Love," and the benediction brought the meeting to a close.

The sale of candy and touch and take tables were well patronized. Lunch was served at the close.

### St. Mark's W.A.

The June meeting of St. Mark's Anglican Church W.A., Bonarlaw, was held at the home of Mrs. Beatrice Storms with thirteen members present.

The president occupied the chair and took the devotional as Canon Brownlie was absent through illness. Mrs. Heath read the Scripture Lesson from Ephesians 4:1-16.

Roll call was well answered by each one naming a W.A. Missionary in the overseas service. Minutes of the May meeting were read and approved. The Treasurer's report was received. Much satisfaction was expressed with the result of the wedding reception catered to recently; also to the catering done at the Hoard's stock sale. It was decided that the pledges and fees be paid to the Diocesan Board. All outstanding accounts were ordered to be paid.

Mrs. Heath read an acknowledgment of the receipt of the bale recently sent to the West. Appreciation was expressed for the contents.

The study book was concluded by Mrs. Campney, assisted by Mrs. Mumby.

Various matters were discussed, but no definite plans will be made until the September meeting. The meeting closed with prayer. A vote of thanks

In the first eleven months of 1955, 290 pedestrians lost their lives in Ontario when struck by motor vehicles. During the same period of 1954, the toll was 238.

While accurate "exposure factors" can not be applied, "crossing highway" leads all other types of pedestrian fatal accidents. "Attempting to cross between intersections" was the circumstance of a further 49 fatal injuries, and crossing at intersections 45, including 10 fatalities which occurred when pedestrians attempted to cross against traffic signals. While walking on the highway, 41 pedestrians were struck and killed and 37 lost their lives when they stepped out from behind parked cars or objects.

### I.O.O.F. Social

Members of the Stirling Lodge, No. 239, I.O.O.F., and Laurel Rebekah Lodge, No. 211, staged a successful lawn social at Victoria Park last night. There was an abundance of strawberries and ice cream and a good crowd was in attendance.

## Mr. and Mrs. Nathan Wannamaker Celebrate 25th Wedding Anniversary

On Sunday, June 24th, Mr. and Mrs. Nathan Wannamaker, of Stirling were "at home" to their relatives and friends on the occasion of their 25th wedding anniversary.

Mrs. George Jervis tended the guest book and during the day 75 relatives, friends and neighbours called to extend congratulations and best wishes on this happy occasion.

The rooms were bright and cheery with several baskets and vases of beautiful summer flowers. The dining room decorated by Mrs. Lloyd Dafoe and Mrs. Harvey Pitcher looked very attractive, with pink and white streamers extending from a large white bell and ending in a bow at each corner of the long dining room table, with its lovely lace cloth. In the centre of the table was the triple-tiered wedding cake, topped by a miniature bride and groom. The cake had been beautifully decorated by Mrs. Maurice Clancy, with pink rosebuds and silver trim. It was flanked on two sides by white candles in silver holders. At each end of the table was a silver tea service.

Those who presided at the tea table in the afternoon were Mrs. Norman Ray and Mrs. Frank Harding. Mrs. Warren Harlow, Mrs. Maurice Clancy, and Mrs. Harry Clarke served plates of fancy cookies, wedding cake, mints and tea, while Mrs. Carl Bridges was in charge of replenishing the plates of cookies and cake.

During the evening Mrs. Roy Ekele-ton and Mrs. Harvey Pitcher presided while Miss Carol Reid and Miss Heather Rodgers served.

Mr. and Mrs. Wannamaker were the recipients of many beautiful cards, messages of congratulations and a variety of lovely gifts.

### Entered Into Rest

MRS. AMOS MORGAN

Mrs. Amos Morgan died at the home of her son, Syd Morgan, at Crookston Wednesday afternoon of last week. In her 84th year, she was the former Bertha Jane Reid, and had lived in that district most of her life.

She leaves to mourn four daughters and three sons, Mrs. Jas. Clarke, of Campbellford; Mrs. Wesley McKenzie, Bonarlaw; Mrs. Jack Mather, Belleville; Mrs. Jas. Phillips, of Toronto; Jack Morgan, of Stirling, and Arthur Morgan, of Tweed, and Sydenham Morgan, with whom she lived. Her husband died some years ago.

The funeral was held in Bethesda United Church on Friday afternoon, with interment in White Lake Cemetery.

A friend is a person who knocks before he enters . . . not after he has taken his departure.

### Eggleton W.M.S. And W.A. Met At Mrs. N. Wannamaker's

The June meeting of Eggleton W.M.S. and W.A. and the W.A. Membership Tea was held on Thursday afternoon at the home of Mrs. Nathan Wannamaker, Stirling.

The W.A. President, Mrs. William McMullen, presided and opened the meeting by reading a poem, "The Best For Me," followed by the W.A. Theme Song and prayer.

The devotional period was conducted by Mrs. McMullen, who read for the Scripture lesson St. Luke 9:18-36. The commentary on the lesson, "Following Christ," was given by Mrs. Warren Harlow, followed with prayer by Mrs. Clarence Fitchett.

Roll call given by the Secretary, Mrs. Gordon Nelson, showed 14 adults and 2 children present. On the afternoon of July 5th there will be a combined Baby Band and Mission Band meeting at Eggleton Church, with Mrs. Murney Kirkey, Baby Band leader and Mrs. Maurice Clancy, Mission Band leader, to prepare the programme. The members of the W.M.S. and W.A. are to provide the lunch.

The Treasurer, Mrs. Warren Harlow, reported that proceeds from the dinner at the Church was \$40.00. The offering was gathered and members paid their W.A. fees. Several more articles were handed in for the Bazaar which is to be sent to Toronto this month.

A beautiful poem "One Day At A Time," was read by Mrs. Harry Clarke. A solo, "I've Found A Friend In Jesus," by Mrs. Maurice Clancy, with guitar accompaniment, was greatly appreciated. Mrs. Robert Danford gave an interesting reading "Our Mothers." Mrs. McMullen introduced the guest speaker, Mrs. Arthur Pyear, Past President of the W.A. of Belleville Presbytery. She gave a splendid address on the various departments of W.A. work. Mrs. McMullen on behalf of those present thanked Mrs. Pyear for her interesting address and Mrs. Wannamaker for opening her home for the meeting. She also thanked everyone who had assisted on the programme. After the meeting closed the hostess served delicious refreshments and all enjoyed a social half hour.

Canada, with less than one per cent. of the world's population, ranks sixth in the world as a producer of manufactured goods. Manufacturing provides about one dollar out of three of Canada's national income.

## Gifts

The new Communion plate was dedicated on Sunday and used at that service for the Sacrament. The whole of this beautiful furnishing was provided through the generosity of a number of the members. Two plates, the gift of Nina in memory of Nora; a set of 40 cups in silver tray, in memory of Roy, the gift of Mrs. Roy B. Duffin and family; a similar gift, in memory of his parents, from Gordon Bailey; another, the gift of Kathleen Bailey, and one to be dedicated later in memory of Hill Beatty.

The habit of our lives is getting, not giving, it is quite naturally the bias of our nature. We live by getting from the early stage of babyhood in which the child just helps himself. Giving is therefore, something that has crept in, as it were, it is not a part of nature. One can only conclude that since giving has become so great a part of our personal, family and community life, the great gift of God in Jesus Christ has had a greater effect than we sometimes suppose.

Every gift is in some measure the release of personality, that is, the giver puts something of himself into the gift, even as God put Himself into His gift to the world. I like to think of all Church giving in this way — it is the giving of ourself in fact, we are doing precisely what God wants us to do — giving something of ourself to Him in His Church.

## Carmel

The services during the summer holidays will be at 9.45 a.m. each Sunday.

The Sunday School outing will be held on Monday, July 2nd.

## Bees

Or don't count your chickens before they are hatched. Falling into this folly, I was in a boastful mood when I told certain friends that there would be plenty of strawberries for them in June — from my own patch, of course.

Alas! I am told that the bees reneged. It's really ironic when you think of how much depends upon the vagaries of a few bees. Come to think of it, strawberries are about as scarce as fish — maybe stories about strawberries will become as popular soon as those about fish.

## Nuts

Recently a German scientist got home a point when he told the world how to avoid war. Eat nuts!

It seems that if people stopped eating meat, there would be no war. This is based on the idea that blood seeks blood. That is true when it comes to mosquitoes. How true it is in relation to war I am in no mind to say. The only answer I can think of is — Nuts!

Also when I hear this drivel — "Young people now have nothing to fear." Or the following: "A Maine grandmother offers unique service — She offers to spank the children of American parents for a charge of one dollar a go on the lines of "This hurts me more than it does you."

## Ivanhoe

(Held Over From Last Week)

Mr. Edward Benson spent the week-end with Mr. and Mrs. Harold Juby, Stirling.

Mrs. Wm. Seeley, Miss Sarah Wilson and Mr. Arthur Wilson, West Huntingdon; Mr. and Mrs. George Ashley and Anne and Mrs. Nellie Ashley, of Belleville, were Sunday supper guests of Mr. P. M. Wood, Moira Lake.

Mr. and Mrs. Clifford Mitz, Larry, Ellen and Lewis, spent the week-end at Manitoulin Island. Miss Ellen will remain for the summer.

Miss Fern Vardy is spending the week with her father at Selby.

Mrs. Keith Bray, Miss Karen Bray and Master Bryan, spent Wednesday in Toronto.

Miss Shirley Fleming will spend the next two weeks in Buffalo, N.Y.

Mrs. Orville Leonard, of Marmora, visited Mr. and Mrs. Sidmer Reid on Sunday.

Welch — Reid Nuptials

A quiet but pretty wedding was solemnized in the United Church Parsonage, Ivanhoe, on Saturday, June 16th at 10.00 a.m. by Rev. George Tenkey, when he united in marriage Mary Eleanor Reid, of Ivanhoe, daughter of Mr. and Mrs. Sidmer Reid, to Edwin Welch, of Belleville, son of Mrs. Garnet Welch, Toronto, and the late Mr. Welch.

The bride was attractively attired in white linen styled on princess lines, trimmed with rhinestones with matching bolero. She wore a white hat with feather tip and a corsage of red roses.

She was attended by her sister, Mrs. Harry Whyte, of Oshawa, who wore a blue linen sheath with rhinestone trim, white accessories and corsage of red roses.

Mr. Harry Whyte, of Oshawa, at-

tended the bridegroom.

For the wedding trip to Toronto and Barrie, Mr. and Mrs. Welch left amid showers of good wishes.

Upon their return they will reside in Belleville.

## Rural Ministers Go To School At The O.A.C.

Rural ministers of all denominations are meeting at the Ontario Agricultural College, Guelph, from July 23rd to 27th, at the Annual School for Rural Clergymen, when they will go back to school to learn something of the problems of their farm people, and the latest developments in agriculture.

Three main courses are provided. The course in Rural Sociology will relate social science to the understanding of country people and their problems. Those who take the Soils and Land Use Course will study such subjects as soil conservation, reforestation, special types of farming for special conditions, and the effect of urban encroachment on farm land. The Nutrition course includes a study of the international food situation, the nutritional value of foods that Canadians eat, and the relationship of food to human welfare.

Also included in the course are field

trips to see important agricultural developments, the judging of livestock, and practical work in the use of visual aids.

A programme including Home Economics and Horticulture is being planned for the wives of the ministers who attend.

Information regarding this School may be obtained by writing the Department of Public Relations at the Ontario Agricultural College.

## To Contest PC Convention

W. Herman Morrow, of Wooler, is a candidate for the Progressive Conservative nomination in Northumberland in the forthcoming federal election.

Mr. Morrow is well-known throughout the constituency and the district generally feels that he can give any Liberal who may be named a good run for his money.

He is a veteran in municipal public life, having served for nine years as Reeve of the Township of Murray and being a former Warden of Northumberland County.

Present member for the constituency is Dr. Fred G. Robertson, parliamentary assistant to Hon. Paul Martin, the Minister of Health and National Welfare.

## Agricultural Rep. To Be Heard On CHEX - TV

Agricultural Representatives of the district have decided to extend indefinitely their series of TV programmes. The tentatively listed programme subjects were drafted last week to the end of September.

The next date is Thursday, July 5th. W. N. T. Ashton, Agricultural Representative, Nanawee, opens on "granary clean up;" A. O. Dalrymple, Agricultural Representative, Stirling, "rats and mice;" Miss Frances Lampman, "freezing raspberries;" "workmen's compensation," by George McLaughlin, R.R. 2, Oshawa.

## Hotel Sold

Announcement was made recently of the acquisition of the Kaladar Hotel, by William "Bill" Brown, from Alex Morris. Mr. Brown has been a resident of the west coast for some years, and previously was a paratrooper in Korea, and was also a member of the Canadian Navy from 1942 to 1945. Actually, he is a native of this district, as his father, Leonard Brown, was operator of a bakery at Tamworth about ten years ago. —Tweed News

## Marmora Chief Saves Youth In Crowe Lake

A sudden cramp while swimming in Crowe Lake, near Marmora, resulted in a narrow escape from death for

18-year-old Leo Meehan. Meehan was rescued by the town's police chief Charles Lockwood, who also was swimming in the area, and several others, after a boat was hurried to the scene.

Brought to shore, the youth expelled much of the water swallowed during his submerging.

## FORD 250 HAY BALERS

Now you don't have to be a big hay grower in order to make an automatic hay baler pay for itself on your farm. The Ford 250 Hay Baler can be a profitable investment for the man who has smaller acreages of hay. Low first cost, together with low operating and maintenance costs make this baler practical on many farms that have previously not baled their hay or had to rely on the availability of a custom operator.

GOOD CAPACITY — DEPENDABLE

With this baler you can bale up to 7 tons of hay per hour, or 4 bales per minute. Operation is easy and dependable, and sturdy construction means long life and low upkeep cost.

**A MESSAGE TO  
PROPERTY OWNERS ...**

The Stirling Chamber of Commerce wishes to point out the following facts in connection with the vote on sewerage to be held in Stirling on Tuesday, July 3rd.

1. The vote is important to every property owner. The Chamber urges all property owners to be sure to cast their ballot on July 3rd.
2. The vote is similar to the Chamber of Commerce Questionnaire of a year ago, however, this time it is a legal vote in every respect. **OUR MUNICIPAL COUNCIL WILL BE GUIDED BY THE OPINION EXPRESSED AT THE POLLS**
3. If you favor sewerage and wish Council to proceed by having a full survey made and complete plans drawn in order that an exact cost can be determined and every detail of a proposed system shown, then you will vote "yes" to the question.
4. If you do not favor sewerage and do not wish Council to proceed any further in obtaining plans for a sewer system, then you will vote "no" to the question.

It is now up to every property owner to express his or her opinion. The Chamber of Commerce has endeavoured to provide a public service in making the general facts about sewerage known. The Chamber now urges all property owners —

## Ducette -- Olmstead Nuptials At Foxboro

Tall, white standards of white and mauve lilacs, white tulips and triple silver candelabra formed a lovely background in Foxboro United Church on Saturday, the ninth, of June, for a pretty wedding at 1:00 p.m., when the Rev. R. F. Darke, pastor of the church, united in marriage Evelyn Mary Ann Olmstead, of Holloway, Ontario, chosen daughter of Mr. and Mrs. Berson G. Mitts, to Gilles Maurice Ducette, of Foxboro, son of Mr. and Mrs. Gilles V. Ducette, in a double ring ceremony.

Mr. Walter Ewald, church organist, rendered the traditional music and accompanied the soloist, Mrs. Wallace Ewald, who sang before the ceremony, "The Wedding Prayer," and during the signing of the register "Till We Meet Again."

Given in marriage by Mr. Berson Mitts, the bride was radiant in white Chantilly lace and nylon tulle over white slipper satin, fashioned with fitted bodice having a Peter Pan collar and long, lily-pointed sleeves. The full-length skirt of tulle and satin fell in graceful folds. Her fingertip veil of tulle illusion was held by a coronet encrusted with rhinestones and iridescent sequins, and she carried a cascade bouquet of red roses, with knotted rosebuds, and wore a gold cross studded with pearls, and watching earrings, the gift of her bridegroom.

Mrs. Raymond Rumney, of Frankford, as matron of honour, wore a full-length gown of imported French crystalettes in orchid shade over taffeta with matching gloves and head-dress. She carried a nosegay of white carnations, 'mums and lily-of-the-valley.

Miss Shirley Ducette, of Kingston, cousin of the bridegroom, and Miss Annette Ducette, sister of the bridegroom, as senior bridesmaids, were gowned in imported French crystalettes, over taffeta, the former in avocado green, with matching gloves and head-dress. She carried a whitest nosegay of carnations, 'mums, lily-of-the-valley. The latter in gold shade imported French crystalettes over taffeta.

with matching head-dress and gloves and carried similar nosegay of flowers.

Miss Elizabeth Fowler, of Kingston, as junior bridesmaid, was in imported French crystalettes in pink shade with matching head-dress and gloves, and carrying a nosegay similar to those of the senior bridesmaids. All the attendants wore single strands of pearls and matching earrings.

Mr. Raymond Rumney, of Frankford, attended the bridegroom, while Messrs. Robert Ducette, of Kingston, cousin of the bridegroom, Jerry St. Onge, also of Kingston, and James Reid, of Foxboro, attended as ushers.

The reception was held in the Sunday School room of the church where the bride's mother, wearing a gown of figured silk with white accessories, and corsage of white carnations, received the many guests. She was assisted by the bridegroom's mother, who was attired in parchment shade pink ensemble with duster and matching accessories. She wore a corsage of Tailsman roses.

The bride's table was appointed with white damask, centred by a triple-tiered wedding cake topped by a miniature bride and bridegroom, and clouded about the base with misty tulle. Triple silver candelabra and the bridal bouquets completed the charming effect.

For travelling to Niagara Falls, Buffalo and other northern points, the bride chose a white bengaline suit with navy duster, navy accessories and corsage of red roses. Upon their return Mr. and Mrs. Ducette will reside in Foxboro, Ontario.

The bride's gift to her bridegroom was sterling cuff links and tie clip set with mother-of-pearl.

Guests were present from Kingston, Toronto, Oshawa, Cobourg, Belleville, Tweed and Madoc.

Previous to her marriage, the bride was the honoured guest at showers given by Mrs. E. B. Finkle, of Holloway; by Mrs. Roland Belanger, Belleville, and a presentation by the staff of the Royal Bank, of a lovely canister set.

The bridegroom was also honoured

at a presentation by the staff of the Canadian Canners, when he received a cutlery and steak knife set.

## The Bible Today

(By Rev. C. R. Rudd)

Cold cash, or "charge it please" is the basis on which much business is transacted in Canada, but neither systems are known in some parts of the world.

Mr. Trindale, a Colporteur in Peru on a big business trip in that country returned with 600 pounds of rubber, 500 pounds of dried fish, 30 skins of wild deer, 20 skins of wild pig, 10 tortoise, 100 fowls, 10 ducks, 400 eggs and various baskets of maize and manioc flour. This was received in barter — exchange for 600 Bibles, 225. New Testaments, and 2050 Gospels.

These Scriptures are made available by the Bible Society which has now translated the message into 1098 languages and dialects. There are about 1500 languages and dialects in which no portion of Scripture is yet available. At present the Bible Society is at work on translating the Scriptures into 212 additional languages and will complete about 15 during this

current year.

## NEWS FOR THE BUSY FARMER

### THE USE OF SKIM MILK BUTTER MILK AND WHEY IN SWINE RATIONS

Skim milk and butter milk, when available in sufficient quantities, make excellent balancers for farm grain in swine rations, say Prof. R. P. Forshaw, Department of Animal Husbandry, Ontario Agricultural College.

For a balanced ration, grain and skim or butter milk should be combined in the following proportions by weight: As a starter, 1 of grain to 3 of milk; as a grower, 1 of grain to 2 of milk; as a finisher, 1 of grain to 1 of milk; and as a nursing sow ration, 1 of grain to 2 or 3 of milk.

Vitamins A and D should be added. They may be provided by pasture or green feed, plus direct sunlight; by feeding oils of guaranteed A and D potency; or as commercial concentrates based on synthetic vitamins A and D. Vitamin A is of particular importance in the feeding of pregnant and nursing sows.

Either sweet or sour skim milk may be fed, but repeated switching from one to the other is not recommended, states the O.A.C. authority.

The supply of skim milk or butter milk is frequently too small to properly balance all of the ration fed. Preference should be given to the needs of brood sows and newly weaned pigs. Whenever the supply of milk is inadequate, a regular protein-mineral, vitamin supplement should be used to make up for the shortage of milk. On some farms a decrease in milk supply occurs at a time when the swine herd requires an increasing amount of feed.

On some farms only a very limited amount of milk is available for swine feeding. In such cases this small surplus can be fed along with the regular balanced rations, says Prof. Forshaw. As feed mixers must consider both price and quality in formulating feeds, all but the very best rations will be somewhat improved by the small amount of additional milk. The use of milk in this manner will prove more profitable than using straight grains plus insufficient milk.

Liquid whey is very high in water and low in protein and minerals. It is a good source of lactose (milk sugar) and riboflavin. Because of its composition it should only be fed with rations containing the regularly recommended amounts of protein and minerals.

In trials conducted at the Ontario Agricultural College the following were found to be of equal value as supplements for a barley 50, oats 30, wheat 20 grain mixture; 1000 pounds of liquid skim milk; 90 pounds of dried skim milk powder; or 100 pounds of a 35 per cent protein-mineral-vitamin supplement.

### WHEN SHOULD CANNING PEAS BE HARVESTED?

During the maturing of green peas there is a stage when eating quality is at its best; that is, both flavor and texture are at their optimum, states G. W. Hope, Food Technologist, Canada Department of Agriculture. Before this time the peas are very tender but are small and lack flavor; after this time they become tough and starchy. It is to the advantage of the processor and the consumer if peas for canning or freezing are harvested at the proper stage. To encourage growers to supply peas at this stage, most processors buy on a price scale constructed to favor the supplier of tender peas.

As in most crops, yield of peas increases up to the time of actual ripening of the mature seed. Since canner prices decrease as toughness increases, it is, therefore, to the advantage of the grower to have a clear picture of the relationship between yield and maturity so that he may sell his crop most advantageously. Yields increase rapidly to optimum canning maturity and then less rapidly until the peas are overmature. Hardening of the peas also proceeds less rapidly during the short time they are at optimum maturity, but, even so, the peas rapidly pass their peak of acceptability, particularly in hot, dry weather. Both yield and toughness may be affected by seasonal environmental factors.

Experiments at the Experimental Farm indicate that within the range of maturities acceptable at the canner for each one unit increase in texturemeter reading, there is an increase in yield amounting to slightly less than one per cent of the maximum yield obtainable. With this relationship in mind a study of canner price ranges will indicate to the grower the

most profitable time to harvest his crop. Under present canner price scales, optimal time appears to be when the peas have a texturemeter reading approximately 95-100 units.

### WEED OF THE WEEK

#### BEWARE OF LEAFY SPURGE

Leafy Spurge or butcher's weed, and its close relative, Cypress Spurge or graveyard weed, both have vigorous creeping root stalks, produce many seeds and are extremely persistent and hard to kill, says the Field Crops Branch of the Ontario Department of Agriculture.

Patches of Leafy Spurge can be recognized at a distance when in bloom by the characteristic yellowish-green color. The greenish leaflets bracketing the small pale yellow flowers give this effect. It is a deep rooted perennial, growing from one to three feet tall and the plants contain a dense milky sap. Cypress Spurge can be identified by its closely crowded clusters of smooth, narrow leaves, not unlike the seedling evergreen tree.

Leafy Spurge is a prohibited noxious weed and no seed of any kind can legally be offered for sale if it contains even one seed of this weed. It is found to some degree in almost every County and should be fought to the finish before it becomes firmly established.

The best and cheapest method of control is a flock of sheep, but unfortunately not many of today's farmers own sheep. Therefore, like most weeds, a combination of cultural methods and the use of chemicals is necessary. Badly infested fields should be heavily sprayed in late May or early June with a 2,4-D-2,4,5-T combination. Plow and summer fallow during the hot, dry weather of July. Let new growth start during August and spray heavily again about September first. The following year seed to a long term grass mixture (no clovers). For the next two or three years spray once or twice a year with 2,4-D if and when new Spurge growth appears. With the field in sod, a combination of cutting and spraying can be practiced to prevent Spurge from going to seed. This cropping practice can be varied, provided 2,4-D resistant crops are used.

### GRASS SILAGE

Grass silage is a general term applied to meadow crops that have been cut and stored in a green stage of development so that fermentation takes place. This green material may be stored with or without preservatives or conditioners such as acids, molasses, ground grains, etc., used to control fermentation during storage.

According to V. S. Logan, Animal Husbandry Division, Canada Department of Agriculture, a renewed interest in the feeding of grass silage to dairy cattle has taken place in Canada in recent years. Part of the reason for this has been the growing realization of the importance of high quality roughage for economical milk production. The need for retaining high feed value in the roughage, difficult to achieve when haying weather is unfavorable, has stimulated the move toward storing roughage as silage. Improved machines for handling the green material have simplified silage production and removed much of the earlier objection to this system of storing roughage.

Grass silage generally contains a high proportion of protein compared to the total digestible nutrients in the feed. Addition of preservatives to silage may increase palatability of the feed and add slightly to its feeding value. However, the trend is toward curing silage without preservatives. Like anything else silage has advantages and disadvantages. There is less wastage of feeding time than with hay, and less storage space is required as compared with an equivalent amount of feeding value in the form of hay. Also some areas which are unsuited to growing other succulent feeds will produce good grass yields which can be turned into silage. The disadvantages of silage are the objectionable odors that may develop, and during severe weather freezing may occur.

Further details on Grass Silage in Dairy Cattle Rations can be obtained by writing to the Information Service, Canada Department of Agriculture in Ottawa and requesting Publication No. 929.

Of the 3,685,000 families in Canada at June 1st, 1955, 1,155,000 were childless.

### JAZZ FOR Highbrows

CBC Wednesday Night, that regular radio series which usually confines itself musically to Bach, Brahms, and Beethoven, will do what many will consider to be an about-face. For five weeks, starting July 11th, they will broadcast the Jazz Concerts from the

Stratford Festival. Among the leaders will be (left to right top) three Canadians, Phil Nimmons, Cal Jackson, Norm Symonds, as well as (left to right bottom) Duke Ellington, and pianists Art Tatum and Dave Brubeck.

### RETURNS TO DATE INDICATE 91.2% OF HOG PRODUCERS FAVOR COLLECTIVE MARKETING

Better than 9 out of 10 Ontario hog producers appear to favor the marketing programme of the Ontario Hog Producers Marketing Board.

This was indicated in an interim report issued by Eldred Aiken, Chairman of the Ontario Hog Producers Marketing Board. The report was based on returns to date from 17 Counties covering the Ontario Hog Producers recent, province-wide information programme. Of the 17 Counties, six filed complete reports. Yet to be heard from are 24 Counties. The report covers contacts made with 15,323 Ontario hog producers of which 13,980 or 91.2% signed membership cards in the Ontario Hog Producers Co-operative and indicated their support of the organization's marketing programme.

Some 5,000 volunteer canvassers were involved in the Hog Producers information programme and it was intended that every hog producer in the province would be contacted. The programme's main purpose was to explain to hog producers, achievements and future plans of the Ontario Hog Producers Association, and whenever a producer so wished it, he could sign a membership card in the Ontario Hog Producers Co-operative.

The six Counties filing final and completed reports and the percentage of hog producers supporting the marketing programme are as follows: Dufferin, 91.2%; Grey, 92.6%; Halton, 93.6%; Kent, 94.3%; Waterloo, 80.7% and Wellington, 86.4%. In these six Counties 10,634 farmers were contacted and 9,661 or 90.4% favoured the organization's marketing programme.

### LIMITATIONS IN USE OF HERBICIDES

Herbicides such as 2,4-D and MCP kill by defusing through plant tissue and disorganizing normal functions of growth. Certain plant species are resistant to these chemicals, which are popularly referred to as selective herbicides, and because of this selectivity they have proved to be the most effective weapon yet devised for killing weeds in growing crops. But they have limitations that should be fully understood by those who use them.

Firstly, while 2,4-D and MCP have selective properties, it has been found in tests at the Canada Experimental Farms, that if the amounts applied are too high they will kill or seriously injure almost any plant commonly found on farms. For this reason the amounts applied should conform to the dosages recommended for the crops and weeds treated.

Secondly, some esters of 2,4-D are highly volatile. The fumes of these may drift to adjacent areas, thus endangering plants growing in fields nearby. To avoid this, only amine or low volatile ester formulations of 2,4-D or MCP should be used near gardens and fields of sunflowers, soybeans and rape seed.

Thirdly, steps must be taken to prevent the wind from carrying small droplets of spray solution of any herbicide formulation onto susceptible crops. This is particularly necessary with spraying outfits which produce fine droplets. The acreage of susceptible crops will be greatly expanded in some parts of Canada during this year, so the need for caution when using herbicides will be more important than ever before.

Although 2,4-D and MCP control a large number of broad-leaf weeds there are a few common and persistent ones which are quite resistant to these herbicides when applied at rates which will not damage grain crops. In this category are the cockles, spurge, wild buckwheat, members of the mint family and some perennial weeds with extensive root systems.

These selective herbicides can be used safely for their recommended uses if the instructions on the container are carefully studied and followed.

### PERU — A MARKET FOR CANADIAN DAIRY CATTLE

The Canadian Commercial Secretary in Lima reports that in late 1955 and early 1956, two shipments of high-quality pedigreed Holstein-Friesians were received from Canada. The 583 head, principally heifers in calf, were very well received and consideration is being given by the cattle industry in Peru to placing further orders in Canada.

Transportation charges from Canada to Peru are high. Because of this sales are limited to very high quality animals which in turn makes the laid down price per head high. This tends to give Argentina in particular, an advantage price-wise which can only be offset by the high quality and ready acceptance by the Peruvian breeders, of Canadian purebred Holstein-Friesians. Should the market soften or if breeders turn to non-pedigree stock, it will be extremely difficult for Canadian cattle exporters to meet the competition.

### THE FOOD BASKET

#### Sandwiches For Teas And Receptions

No need to consult the calendar to be reminded that June is here, with all of the teas, receptions and garden parties that are going on around us! Many of the activities are honouring new brides or brides-to-be and of course the food that is served must be dainty and attractive, like the bride herself.

Sandwiches are a very important part of the food at most of these social affairs and they need not be extravagant to be good. Three or four simple kinds of sandwiches are usually enough when served with a few fancy ones to dress up the plates and brown and rye breads used along with white add interest to the assortment. Sweet loaves like date, nut and fruit bread, all good with cheese or sweet fillings, are also very tasty when thinly sliced and simply spread with butter.

Serving Sandwiches In serving dainty sandwiches several kinds are usually put on the same plate but it is best to group all the same kind together. They may be separated by sprigs of parsley, olives or small pickles which make an edible garnish. Fancy sandwiches show up to better advantage if they are placed not too close together on the plate or tray — they should never be stacked on top of one another as plain sandwiches sometimes are. Very often a centrepiece appears on a tray of sandwiches. It might be a head of lettuce or cabbage, cantaloupe, grapefruit or manufactured pick holder studded with toothpicks which hold coloured pickled onions, stuffed olives, black olives, carrot curls, small pieces of celery stuffed with cheese, or other colourful and tasty pickles or vegetables.

For a Consumer Section leaflet telling how to make several kinds of fancy sandwiches and giving suggestions for fillings and quantities of food required for serving 50 people, write to the Information Service, Canada Department of Agriculture, Ottawa, and ask for a copy of "The Art of Making Sandwiches."

### Fish and Wildlife

The Cottontail Rabbit population in some areas of the district seems to be reaching a peak in abundance.

Numerous road kills by motorists and many sightings of the Cottontail are brought to our attention each day, indicative of a high population density. Foxes do not appear as frequently as in the past years.

## CONSERVATION NEWS!

Woodlots Can Be Profitable

Some farms throughout the district have wooded areas which produce annual crops of logs and other products. This saleable material brings the owner added cash income and also provides work during the winter when some other farm operations are at a standstill.

Unfortunately, the large majority of farm woodlots are providing no cash income and in most cases the owner is not even cutting his own fuelwood from the woodlot. This situation means that large areas of

land which are not suitable for cultivation or pasture do not provide even enough income to pay the taxes on them. A planned programme to put these wooded areas into profitable use again would be a benefit to the owner and to the community as a whole.

The Ontario Department of Lands and Forests through the Napanee Zone Office provides extension service to help anyone who is interested by looking over their woodlot problems and making full production. During the past few years one of the main difficulties was the disposal of low-grade material from hardwood woodlots. A new outlet will soon be available in this district when hardwoods down to 4" in diameter can be marketed as pulpwood.

## Do you need a NEW BARN?

...then talk to "MY BANK"

Is your herd outgrowing your present barn? Have you enough space to store the products of your farm? If not, perhaps you need a new barn, or an extension to your present one.

Don't let a shortage of ready cash hold back your plans for a better farm — whether it's a new barn or the renovation of your buildings generally. You can get money from the B of M through a Farm Improvement Loan — at low interest rates and on a repayment plan to suit your individual circumstances.

Why not see your B of M manager this week? You will like his helpful approach to your plans.

### Scout Camporee

The Trent Valley Scout District held their annual Camporee on the Campbellford camp ground along the Crowe River. Fifty boys were in attendance, arriving Friday night last. The boys soon had their camp sites picked out and by nine o'clock tents were up and fires going to help keep the mosquitos away. Owing to the lateness of the hour the campfire was cancelled.

Saturday morning it was rain, rain, rain. However, the boys showed what

they were made of. No complaints were heard and all proceeded to get the fires going using wet wood. The boys lived up to the Scout Law — A Scout smiles and whistles under all difficulties. In the evening the campfire was a great success, each Patrol putting on some part of the program and singing songs.

Sunday morning at 9.30 a Scout's Own was held with J. Irish, D.S.M., in charge. The Lessons were read by Denton Shortt and Doug Fairies. Mr. Doug Carswell, of Campbellford, told the story of the Shepherds.

### Officiates At Wedding

The Presbyterian Church, Janetville, Ont., was the setting for the marriage of Marian Joyce, daughter of Mr. and Mrs. M. Wright, of Janetville, to Mr. Ray James, of Staples, son of Mr. and Mrs. V. Staples, of Janetville. Miss Velma Wright and Mr. Ivan Alger were the attendants. Rev. W. H. V. Walker, of Stirling, officiated.

### River Valley School Winner of Athletic Meet

River Valley Public School won top honours at the sixth annual track and field meet sponsored by the Sidney Township School Trustees and held Tuesday at the Ontario School for the Deaf, Belleville.

As top point getter for the day (18 points) the River Valley School was awarded the championship plaque, presented by Reeve Byron Harder.

Glen Ross copped the honours in the softball tournament, defeating Avondale by a healthy 34-14 margin and were presented with a cup by Reeve Harder.

Gail Morrow, S.S. No. 19, River Valley, was top point getter in the Junior girls group, and received a cup.

### Correction

In the account of the Men's Triples Tournament in last week's News-Argus, it was erroneously stated that C. A. Wells welcomed the bowlers and presented the prizes. This should have read Ray Mallory, the President of the Club.

### Couple Feted

St. Mark's Parish Hall, Bonarlaw, was filled Friday evening in honor of Mr. and Mrs. Donald Case (nee Helen Heath) whose marriage took place on May 19th in St. Mark's Anglican Church.

W. J. Barlow performed the duties of chairman and after a few remarks and best wishes to the happy couple, a programme was presented, arranged by Mrs. W. J. Barlow and Mrs. Ralph Wellman.

The 12th Line School gave two numbers and the Bonarlaw School also gave two numbers and several readings. Linda Wellman sang "Danny Boy." The McPaul sisters, Geraldine and Joan, sang "The Rock and Roll Waltz." Mr. and Mrs. Case, parents of the groom, sang two duets.

Mr. James Heath also sang two solos.

Mr. and Mrs. Case were given seats of honour and Mrs. W. J. Barlow read the address and Mr. Roy Shortt presented them with a purse.

The groom thanked all present for the evening and told the story of their honeymoon trip.

The bride spoke briefly and invited all to visit them in their new home in Kingston.

### Entered Into Rest

FREDERICK ARTHUR COOKE

Frederick Arthur Cooke, a well-known Rawdon Township native, died at the Alexander Nursing Home, at Queensboro, Friday morning, following a lengthy illness.

He was born at Harold, in Rawdon Township, the son of the late Mr. and Mrs. Thomas Cooke, and was in his 75th year. Prior to his illness he had lived in Belleville for a number of years and was a former employee at the American Optical Co.

He was a member of the Anglican Church and belonged to the Tanager L.O.L. No. 509, and Belleville Black Preceptory. His wife, the former Emma McMaster died in 1929.

He is survived by two daughters, Mrs. Kenneth (Lela) Belcour, of Belleville, and Mrs. Melville (Evelyn) Wickens, of Harold, and one son George Cooke, of Napanee.

Two brothers, Albert, of Harold, and Thomas, of Portland, Oregon, also survive.

The funeral was held on Sunday, June 24th, at the Duffin Funeral Home, Stirling, and was largely attended.

The Rev. H. C. Seeker, of St. John's Anglican Church, Stirling, conducted the service. The pallbearers were Lindsay Tanner, Will Wright, John B. Hagerman, Thomas Clements, Clarence Runnalls and Claire Tanner.

Interment was made in Stirling Cemetery and was under the direction of Tanager Lodge, No. 509, with Fred Bateman, Past Grand Master of Ontario East Orange Lodges, officiating at the graveside.
